#### WEEKLY MEDIA CONFERENCES

Bill Snyder's weekly media conferences will be held each Tuesday afternoon in the Big Eight Room of the Vanier Football Complex. Lunch will be served at 12:30 p.m., with Snyder addressing the media at 1 p.m., followed by selected players at 1:30 p.m. To request players for the weekly conference, media should contact the sports information office by noon each preceding Monday at 785/532-6735. If a player has a class conflict, an alternate time will be arranged. Out of town media wishing to interview Kansas State players should also contact the sports information office by noon Monday to arrange for players to call them between 1:30-2 p.m. CT, each Tuesday.

#### SNYDER AVAILABILITY

In addition to the weekly media conferences, Bill Snyder will meet with the media following each practice in the lobby of the Vanier Football Complex. If you plan to attend, please contact the sports information office to verify the time for each post-practice session. Snyder is also available each Monday on the Big 12 Conference's weekly teleconference. Out of town media may also contact Snyder by phone each Wednesday from 7-7:30 p.m. at 785/532-5878. Contact K-State sports information office to schedule a time during that period.

#### KSU PRACTICES

#### MEDIA SERVICES

Packets including statistics, pregame notes, flip cards and programs will be available for media in the press box prior to the game. Quarter, halftime and final statistics, a running play-by-play and postgame quotes from coaches and players of both teams also will be provided. A pregame meal will be available until 30 minutes before kickoff on game days with refreshments available at halftime. Soft drinks, coffee and milk also will be available.

#### POSTGAME POLICY

Kansas State's lockerroom is closed. Media in the press box will be asked to submit a list of player requests to sports information director Kent Brown at the start of the fourth quarter. Requested players will be available in a designated interview area on the second floor of the Vanier Complex following Coach Bill Snyder's postgame press conference. Those interested in audio-taping grouped interviews should connect their recorders to the distribution amplifier (mult box) provided. Output from the device is microphone level, terminated in 1/8" two-conductor plugs and jacks, or three-pin standard microphone male connectors.

The visiting SID will lead media to the visitor's interview area, located outside the visitor's lockerroom, or in case of inclement weather, in the basement of the Vanier Complex.

A 1986 Kansas State graduate and originally from Olathe, Sharpe first worked with the Wildcat Network in 1985 and later became the sideline reporter in 1987. He is the sports anchor at WIBW-TV, and is married to Amy Lietz, a 1994 K-State graduate and news anchor at KSNT-TV.

Former KSU quarterback Stan Weber is in his 11th year in the booth as the Wildcat expert analyst. Originally from Goddard, Kan., Weber earned Academic All-America honors in 1984 by the College Sports Information Directors of America (CoSIDA) and won three letters while at K-State from 1980-84.

Sideline reporter Greg Akagi is in his second year on the network, while executive producer and engineer of the network Ed O'Donnell is in his 28th year at WIBW. O'Donnell, who joined the network in 1970, also serves as the radio voice on Kansas State women's basketball games. His hometown is Kansas City.

**T**he Big 12 Conference . . . Welcome to the Big Time! Dedicated to achieving the highest goals in the integration of academic and athletic endeavors, Baylor, Colorado, Iowa State, Kansas, Kansas State, Missouri, Nebraska, Oklahoma, Oklahoma State, Texas, Texas A&M and Texas Tech combined forces on Feb. 25, 1994, and forged the Big 12 Conference, one of the most powerful alliances in NCAA Division I competition to date.

Individually, member schools have long been respected for successes both in its classrooms and its stadiums. In all, league institutions have received numerous accolades for the quality of academic resources, programs and services offered to students.

Athletically, Big 12 teams have accounted for more than 130 NCAA team championships and 15 wire service football titles, while its student-athletes have claimed more than 750 NCAA crowns entering the 1997-98 academic year.

The formation of the Big 12 represents an undertaking by school chief executive officers to combine resources to achieve even higher levels of performance heading into the 21st Century.

Institution chancellors and presidents serve as the chief policy makers of the conference, operating as the board of directors. Administration of the league occurs through the Council of Faculty Athletics Representatives, Board of Athletics Directors and Board of Senior Woman Administrators.

Steven J. Hatchell became the conference's first commissioner on March 26, 1995, and has been in no small part responsible for the immediate success of the nation's newest conference.

Under his direction, the Big 12 took a bold step toward community service in May, 1996, by adopting Special Olympics as its primary philanthropy. Individual member-institutions have provided facilities for local, regional and national Special Olympics competition for years, but now, under the Big 12 blanket, Special Olympians, their coaches and fans have the opportunity to interact as recipients of clin-

ics and other cooperative efforts in conjunction with Big 12 events.

In August 1996, Executive Directors of Special Olympics in the seven-state area and Big 12 officials met and decided to promote the national movement through public service announcements aired to all 48 contiguous states during Big 12 football and basketball games and on the weekly Big 12 Showcase television program.

Although the Special Olympians certainly benefit from the use of conference facilities and clinics, Big 12 stu-

dent-athletes, officials and fans gain almost as much if not more from this special partnership. Another innovative venture of the Big 12 is the development of the Life Skills Program and Academic Services, which seeks to enhance the "total person" concept both on and off the field. Programs such as the Student-Athlete Advisory Committee, Special Olympics and the NCAA's heralded YES program of clinics and stay-in-school messages to youngsters are just a few of the life skills areas promoted by the Big 12.

Student-athletes play an active role in community endeavors such as hospital visits, youth school programs, enhance/eligibility information and anti-violence campaigns, all promoted through public service announcements aired during Big 12 contests. Activities such as these have helped the Big 12 raise the standard of excellence throughout the NCAA.

Exposure is key in any endeavor of this magnitude, and the Big 12 has one of the most comprehensive regional and national telecast

agreements in the country.

ABC and Fox Sports Net combine to produce nearly 40 football games annually in syndicated, regional, national and prime time windows.

The conference dominates network television annually on the Friday after Thanksgiving with back-to-back national telecasts of Texas vs. Texas A&M and Colorado vs. Nebraska. ESPN and Creative Sports provide regional over-the-air syndication, national cable and national network coverage of up to 90 men's basketball games per season. The Big 12 is a mainstay in the ESPN lineup with the highest rated college basketball slot on "Big Monday." In addition to the highly successful syndicated package within the seven-state conference region, Creative Sports markets 10 games annually to CBS and ABC for the Big 12. All 11 games of the Big 12 Phillips 66 Men's Basketball Tournament are aired either regionally or nationally.

Big 12 television coverage doesn't stop with football and men's basketball. Fox Sports Net relies heavily on Big 12 supplied programming of regular-season volleyball, baseball and women's basketball, televising nearly 30 events per year.

Big 12 championships have a home at Fox Sports Net as well. No fewer than eight Big 12 Olympic championships are televised on either a regional or national cable basis and Fox Sports Net boasts one of the finest weekly collegiate programs in the 39-installment "Big 12 Showcase."

ESPN also ventures into the mix by promoting and televising an annual Big 12 women's basketball challenge and will air the 1988 Phillips 66 Men's Basketball Tournament title game.

In all, the packages with ABC, Fox Sports Net and ESPN guarantee the Big 12 the finest

**K-State won the first Big 12 football game over Texas Tech 21-14 in Manhattan on Aug. 31, 1996.**

intercollegiate coverage through the year 2000 (2003 with ABC for football television) and at least \$145 million into the coffers of the member institutions.

The Big 12 got off the planning boards and onto the field as Oklahoma claimed the inaugural conference championship in softball May 11, 1996. Big 12 football kicked off in grand fashion as Kansas State defeated Texas Tech 21-14 Aug. 31, 1996, in Manhattan, Kan.

The inaugural volleyball crown was won by Nebraska, bringing a very successful 1996 to a close.

The Big 12 utilizes a North-South divisional format in football, with the two Oklahoma schools and the four Texas schools making up the Big 12 South and the remaining six schools complete the Big 12 North. The champions of each division face each other in an electric showdown in early December to determine the Big 12 representative to the Bowl Alliance. In the inaugural Big 12 Dr Pepper Football Championship held at the Trans World Dome in St. Louis, Mo., Texas defeated Nebraska to change the face of the Alliance Bowl picture.

The Big 12 was the only conference with two teams participating in Tier 1 bowls (Texas-Tostitos Fiesta Bowl and Nebraska-FedEx Orange Bowl).

In addition to the alliance agreement, the Big 12 also has five other bowl agreements with the Southwestern Bell Cotton Bowl Classic, Plymouth Holiday Bowl, Builders Square Alamo Bowl, Jeep Aloha Bowl and Copper Bowl.

On the basketball court, the Big 12 alters the divisional format. The schools are split into the same scheduling areas and play an intradivisional round-robin, where each team plays every other member of the same area on a home-and-home basis. Each team also plays each member of the opposite area once. The team with the highest conference winning percentage at the end of the season receives the No. 1 seed, with the winner of the opposite area receiving the No. 2 spot.

The remaining 10 seeds are determined based on conference winning percentage, regardless of division. The champion of the Big 12 Phillips 66 Men's Tournament receives an automatic bid to participate in the NCAA Tournament, a tremendous testimony to the strength of the Big 12.

For the first time in history, the NCAA waived the two-year waiting period for a new conference champion to receive an automatic bid. In its inaugural season, the Big 12 sent champion Kansas and four other teams to the men's tournament, while women's champion Colorado and five other teams qualified for the women's championship. The Big 12 also sent two men's hoops teams to the NIT.

Big 12 baseball wrapped up with Texas Tech claiming the regular-season title, while Oklahoma became the first Big 12 Baseball Tournament champion. As a result of a successful inaugural diamond campaign, Oklahoma, Oklahoma State, Texas A&M and Texas Tech were awarded bids to participate in the NCAA Regionals.

In addition, Oklahoma State and Texas Tech played host to two of the eight prestigious regional tournaments. After a very successful first full campaign for the Big 12 Conference, the 21 regular season championship trophies were divided among seven schools, with Texas taking seven (football, men's outdoor track, men's swimming and diving, men's tennis, women's golf, women's outdoor track and women's tennis), the most of all conference members.

Nebraska came in a close second, winning six trophies (gymnastics, men's indoor track, soccer, women's indoor track, women's swimming and diving and volleyball), while Colorado (men's cross country and women's cross country), Kansas (men's basketball and women's basketball) and Oklahoma State (men's golf and wrestling) finished up the inaugural Big 12 season with two trophies each. Oklahoma (softball) and Texas Tech (baseball) picked up the other two championship trophies.

In all, the Big 12 is home to more than 1,500 student-athletes on 209 teams in the 21 men's and women's Big 12-sponsored sports.

Men's programs regulated by the league include baseball, basketball, cross country, football, golf, indoor track, outdoor track, swimming and diving, tennis, and wrestling.

Big 12-regulated women's programs include basketball, cross country, golf, gymnastics, indoor track, outdoor track, soccer, softball, swimming and diving, and tennis.

## College Football Bowl Alliance

### Formation and Selection Process

A group of Division I Conference commissioners announced Aug. 4, 1994, the formation of the Football Bowl Alliance to replace the College Football Bowl Coalition which existed for the 1992-93-94 seasons. The participating bowls in the new agreement, which began at the conclusion of the 1995 college football season, are the Fiesta, Sugar and Orange bowls. The goal is to provide the best possible bowl matchups between the highest rated available teams.

Participants in the three aforementioned bowls will be the champions of the Atlantic Coast, Big East, Big 12 and Southeastern conferences, with two at-large participants. In the first year of the Alliance (1995), the Southwest and Big Eight conferences (both in their last year of existence) each had a guaranteed spot, resulting in one at-large selection in the Alliance.

Notre Dame is guaranteed the at-large spot if it is rated in the Top 10 in either the *Associated Press* or *USA Today/CNN* polls. Should Notre Dame not be rated in the top 10, then one at-large position may be filled by any Division IA team eligible for postseason competition, excluding the Big Ten and Pacific 10 champions, that meets any one of the following requirements:

1. Has won at least eight college football games during the most recently completed regular season.
2. Is ranked by the *AP* or *USA Today/CNN* among the Top 12 eligible to participate in postseason competition.

3. Is ranked no lower in the *AP* or *USA Today/CNN* poll than the lowest ranked team selected by a bowl from the conference champions.

The selection order for the first year (1995) was Fiesta, Orange, and Sugar, with the order of Sugar, Fiesta, and Orange in the second year (1996) and the sequence Orange, Sugar, and Fiesta in year three (1997). The mutually agreed upon three-year extension would repeat the same selection process.

In the selection process, the first bowl would have at its disposal the highest and second-highest ranked available teams from the participating conferences. The second bowl will pick the third and fifth-highest rated teams with the third bowl choosing the fourth and sixth-highest rated teams.

In 1997, the Orange Bowl shall select any team ranked No. 1 in the *AP* poll and any team ranked No. 1 in the *USA Today/CNN* poll or any team ranked No. 2 in either poll, if two teams so ranked are available. All other team selections shall come from the poll of teams specified above and will be at the discretion of the participating bowls.

### Additional Big 12 Agreements

The creation of the Football Bowl Alliance in effect guarantees the Big 12 Conference champion a berth in one of the three alliance bowls. The league will also have the opportunity to place a second team in the parlay as an at-large selection should it rank high enough in the polls.

If only one Big 12 team is selected to participate in the Alliance, the second and third selections would belong to a two-bowl parlay between the Cotton and

Holiday bowls. The Cotton Bowl would pick second following the Alliance, and the Holiday Bowl third. The opponent for the Cotton Bowl would be the higher-rated team between the Pacific 10 runner-up and the Western Athletic Conference champion. The team from those two conferences not chosen to participate in the Cotton Bowl will earn the Holiday Bowl bid.

A fourth Big 12 Conference team has also been locked to participate in the Alamo Bowl opposite a fourth team from the Big Ten Conference. The fifth and sixth Big 12 teams would continue their agreements with the Aloha and Copper Bowls with the Aloha earning the first of the two available teams. Opponents for Big 12 teams in those two contests will be Western Athletic Conference No. 3 (Copper) and Pacific 10 No. 4 (Aloha). The length of Big 12 bowl agreements for the Cotton, Holiday, Alamo, Aloha and Copper bowls coincide with the Football Alliance—three years with a three-year option.

For the additional bowl agreements of the Cotton, Holiday, Alamo, Aloha and Copper bowls, a bowl-eligible Big 12 team with a better record or a higher ranking may be bypassed for another league team. This may be done only if the coaches' poll (*USA Today/CNN*) rankings of the teams in question are within five spots, or are within one win of each other. Bowl-eligible teams may switch berths if mutually agreed upon by both institutions and both bowls. This applies only to the additional Big 12 agreements, not the alliance bowls.

Four Consecutive Bowl Appearances and Nine-Win Seasons

Following four-consecutive seasons with at least nine wins and four-consecutive Bowl appearances, excitement is at an all-time high as Bill Snyder begins his ninth season at Kansas State.

K-State enters the fall looking to replace second-team All-Big 12 quarterback Brian Kavanagh, the Big Eight Conference's all-time leading pass catcher in Kevin Lockett, second-team All-Big 12 center Jason Johnson, K-State's all-time leader in quarterback sacks and first-team All-Big 12 pick Nyle Wiren and the entire starting defensive backfield that was rated the nation's best in 1996 and featured two-time All-American Chris Canty and first-team All-Big 12 selection Mario Smith.

But as is the case in college football, when significant players move on, there are many players waiting in the wings for the opportunity to play. The influx of 27 highly regarded recruits, including 12 junior college transfers, adds considerable depth at a number of different positions in 1997.

"We will be a young and somewhat inexperienced football team, with only six or seven seniors in the top 44," Snyder said. "We may, however, depending upon the improvement made throughout the summer, have greater depth than at any time in the past eight years. We will have to make marked improvement across the board in order to reach the expectation level for this team."

"Returning players and incoming transfers must not take their performances for granted. They will have to work extremely hard to reach the level of achievement of the past four teams."

Snyder realizes there is much work to be done at a number of positions before lining up for the Sept. 6 season opener.

"Offensively, obviously the key position areas will be wide receiver, quarterback and our interior offensive line," Snyder said. "Very few of those positions have been finalized at this point in time. The competition remains stiff, and once again, the summer will be an extremely critical time for development, improvement and to prepare themselves to step up and claim these positions."

On defense, Snyder believes the talent on campus can help overcome much of the inexperience following the graduation of seven starters and the early defection to the NFL of another.

"The strength of this year's defense would appear to be at linebacker with all other positions being a concern," Snyder said. "However, the talent and depth seems to be falling into place, but the lack of experience must be overcome. Once again that can only happen with a great summer."

Special teams have always been a high priority at K-State, and 1997 is no exception. Much of K-State's success the past few years can be attributed to strong special teams play in all areas -- returns, blocked punts, punting and kicking.

"Although our punters, snappers and place kickers all return, all other positions are relatively inexperienced and must progress rapidly as practice begins in August," Snyder said. "And even though our specialists all return, a great deal of improvement is needed."

Expectations are at an all-time high in Manhattan these days following four years with at least nine wins, one of just six schools in the nation to accomplish that feat. Attendance at KSU Stadium reached an all-time high in 1996, and the stadium should again be pressed to its limits in 1997 after more than 45,000 fans followed the Wildcats to Dallas for the Southwestern Bell Cotton Bowl.

The following pages will take a position-by-position look at the Kansas State Wildcats entering the summer.

## Wildcats by Position

(1996 starters in **bold** and **ALL CAPS**, '96 starts in ( ), ° denotes letters earned).

### Offensive Line ...

**Lettermen Returning:** 6 (**KENDYL JACOX\*\*\* (7RG)**, **JEREMY MARTIN\*\* (4RG)**, David McIntyre°, Ian Moses°, **TODD WEINER\*\* (12LT)**, **RYAN YOUNG\*\* (12RT)**).

**Lettermen Lost:** 4 (Blake Frigon°, **ROSS GREENWOOD\*\*\* (10LG)**, **JASON JOHNSON\*\*\* (12C)**, Brian O'Neil\*\*\* (2RG)).

### O-Line in Brief ...

The 1997 version of the K-State offensive line offers size and experience as the Wildcats return four players who started at least four games last season, including starting tackles and all-star candidates Ryan Young (Sr., 6-6, 330) and Todd Weiner (Sr., 6-5, 285).

Kendyl Jacox (Sr., 6-1, 320), who started seven games at right guard in 1996 and was considered by many as K-State's top lineman before suffering a leg injury, will move to center and replace graduated Jason Johnson, who was second-team All-Big 12 in 1996. Jacox started two games at center in 1995 when Johnson was injured. Jeremy Martin (Jr., 6-4, 305) started four times in 1996 and established himself during spring drills as the starting left guard. Young and Weiner may make up the best pair of tackles in league, and one of the top pairs in the nation. Both earned third-team All-Big 12 honors in 1996 and should be considered for higher recognition in 1997.

Sophomore Ian Moses (So, 6-3, 290) enters the fall as the starting right guard after lettering in 1996, and will be hard-pressed by junior

David McIntyre (Jr., 6-2, 305). Some new names are popping up on the depth chart as freshman Ryan Cummings (6-4, 265) backs up Weiner at left tackle, junior-college All-American Brien Hanley (6-2, 325), Adam Hotz (6-2, 275) and Mike Munson (6-2, 300) are behind Martin at left guard, Randall Cummins (6-3, 260) backs up Jacox at center, McIntyre is listed No. 2 right guard behind Moses, and freshman Grant Reves (6-6, 275) backs up Young at left tackle.

This could be the largest offensive line in K-State history with no less than eight linemen weighing in at 300 pounds or more, including four projected starters. Four of the linemen (Weiner, Martin, Jacox and Young) have gained experience as starters, while the depth may be as deep as anytime in recent K-State history.

## Snyder on the Offensive Line ...

"We will enter the fall looking to improve on what was accomplished in the spring and establish greater depth than we have had in the past. With four returning starters we are looking forward to vast improvement at the guard and tackle positions, but we will be extremely young at the back-up positions. Transfer Brien Hanley and four redshirt freshmen must fit into the system very quickly."

## Receivers / Tight Ends ...

**Lettermen Returning:** 6 (**JARRETT GROSDIDIER\*\*\* (10TE)**, Troy Hackney\*, Brian Jackson\* (1WR), Justin Swift\* (3TE), Jesse Woodard\*, J.W. Wight\*.

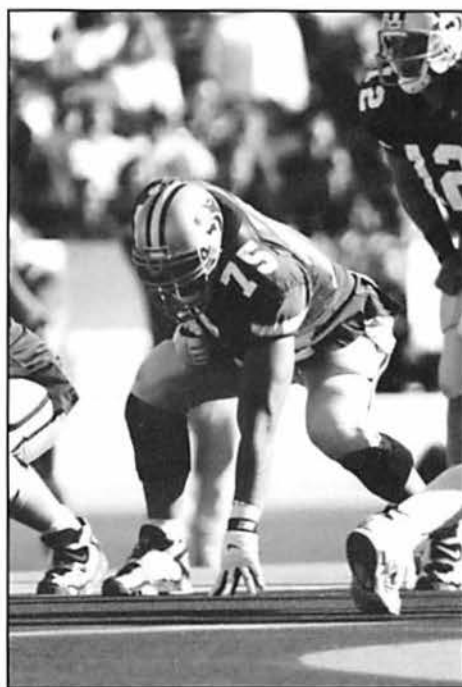

**Lettermen Lost:** 4 (**JIMMY DEAN\*\* (9WR)**, Eddie Kidd\*, **KEVIN LOCKETT\*\*\* (12WR)**, **ANDRE ANDERSON\*\* (8WR)**).

## Receivers in Brief ...

The Wildcats are looking for someone to step up and take all-time Big Eight receiving leader Kevin Lockett's place in the lineup -- which won't be easy. Lockett, who earned first-team All-Big 12 honors in 1996, finished his career with 217 career catches for 3,032 yards and 26 touchdowns, all K-State career records. In 1996, Lockett set a school record with 72 catches while piling up 882 yards and scoring six touchdowns. Fellow senior Jimmy Dean caught 18 passes for 222 yards and six TDs of his own. The two, along with the departed Andre Anderson, combined for 123 receptions, 1,413 yards and 17 TDs on the year. Returning receivers and tight ends combined for 24 receptions, 337 yards and four touchdowns in 1996.

Junior-college transfer Everett Burnett (Sr., 6-1, 190) made a good impression during spring drills and moved to the top of the depth chart at one receiver spot. Burnett, who now wears Lockett's old jersey number 83, showed excellent potential and should be a prime target for the Wildcat quarterbacks.

Redshirt freshman David Allen (5-9, 185) also made a big jump during the spring, showing his versatility by moving from running back to receiver and also working out as a punt and kick returner. He enters the fall as the starter at another receiver spot, just ahead of junior DeAndrea Robinson (Jr., 5-7, 160). Robinson, who sat out last season

**Todd Weiner (75) is one of four returning Wildcat offensive linemen with starting experience.**

after transferring from SMU, shows potential as a player who makes yardage after catching the pass. Junior college transfer Gavin Peries (Jr., 6-1, 200), who redshirted in 1996, moved into the backup slot behind Burnett.

Troy Hackney (Jr., 6-1, 200), Brian Jackson (Jr., 6-0, 180) and David Ries (6-4, 220, So.), J.W. Wight (6-3, 200, So.) and Polica Houston (6-0, 180, Fr.) provide depth at all the receiver spots.

The Wildcats signed four wide receivers to letters of intent in February. An influx of talent is to be expected in the fall. Included in that group is Burnett, J.C. transfer Darnell McDonald (Jr., 6-4, 195), *Parade* All-American Julius McMillan (Fr., 5-11, 170) and Aaron Lockett (Fr., 5-9, 160), Kevin's younger brother.

At tight end, 1996 starters Jarrett Grosdidier (Sr., 6-5, 250) and Justin Swift (Jr., 6-3, 250) return, with depth stacked behind them.

Grosdidier caught 15 passes for 187 yards, including three TDs in 1996 while starting 10 games, while Swift was sharing time until he injured his hand in the season's eighth game. Grosdidier earned honorable-mention All-Big 12 honors and should be one of the league's better tight ends in 1997. Jesse Woodard (Jr., 6-3, 220) lettered as a back-up in 1996, while Shad Meier (Fr. 6-5, 225) and Milford Stephenson (Fr. 6-3, 215) are expected to make this position deep in talent.

## Snyder on the Receivers and Tight Ends ...

"We have uncertainty created by graduation at wide receiver. Developing quality and depth will be a major priority and our junior college recruiting may address the shortcoming in the fall. We must become a better blocking unit and gain a better understanding of the system."

"Tight end will be another competitive position considering we lost no one to graduation and will have redshirt freshmen Milford Stephenson and Shad Meier available for quality depth. This could be an offensive strength if Jarrett Grosdidier and Justin Swift continue to make improvement."

## Running Backs ...

**Lettermen Returning:** 5 (Marlon Charles\* (4RB), Matt Gangwish\*, Brian Goolsby\*\* (3FB), Eric Hickson\*\*.

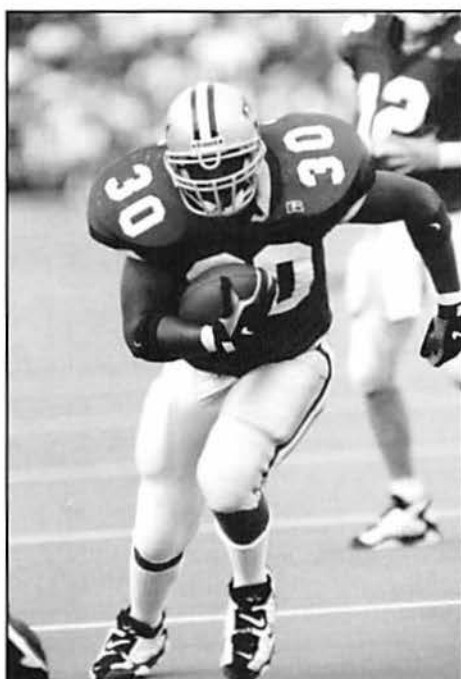

**MIKE LAWRENCE\*\*\* (9RB).**

**Lettermen Lost:** 0

## Running Backs in Brief ...

Running back could be K-State's strongest offensive position in 1997 with three proven running backs battling for playing time at tailback.

Senior Mike Lawrence (Sr., 5-9, 200) rushed for 982 yards and 10 touchdowns in 1996, the fifth-best season in K-State history. He set a Wildcat record with 252 yards in the regular-season finale against Iowa State and was second on the team with 27 receptions for 173 yards. He enters 1997 with 1,660 career rushing yards to rank fifth on the K-State career list. Lawrence topped the 100-yard mark three times during the year.

**Brian Goolsby (30) is established as one of the Big 12 Conference's top blocking fullbacks.**

Junior Marlon Charles (Jr., 5-9, 190) enters the fall as Co-No. 1 at tailback after starting four games in 1996, running for 195 yards against Indiana State and 106 yards against Cincinnati. He finished the season with 484 yards and six touchdowns to provide great depth at the position.

Returning to the field in the fall will be 1995 rushing leader Eric Hickson (Sr., 5-8, 200), who missed the entire 1996 season with a broken leg. Hickson ran for 816 yards and eight TDs in 1995 while sharing time with Lawrence. He worked out in non-contact drills during the spring and is expected to receive full clearance for the fall.

Junior Brian Goolsby (Jr., 6-2, 250) returns as the starting fullback and is considered by the coaches as one of the top blocking fullbacks in the league. Goolsby carried the ball just 19 times during the regular season, but was nominated by Wildcat coaches as an all-star candidate at the end of the season. Matt Gangwish (Sr., 5-11, 240) lettered as a reserve in 1996, while freshman Chris Johnson (Fr., 6-1, 240) is expected to be a future standout. Johnson enters the fall as a possible two-way player, also listed as a backup defensive end.

## Snyder on the Running Backs ...

"Again, this will be a competitive position with four returning starters. Mike Lawrence, who started most of 1996, Eric Hickson, who started most of 1995, along with Marlon Charles, who has logged a lot of playing time, and several freshmen who are ready to contribute, should make this a deep position. This should be a stronger and deeper position with everyone returning. We must improve our blocking and the ability to make plays."

## Quarterbacks ...

**Lettermen Returning:** 1 (Jonathan Beasley\*).

**Lettermen Lost:** 1 (BRIAN KAVANAGH\*\*\*(12QB)).

## Quarterbacks in Brief ...

Sophomores Jonathan Beasley (So., 6-1, 220) and Adam Helm (So., 6-3, 220) enter fall drills as co-No. 1 for the starting nod, but the addition of highly regarded J.C. transfer Michael Bishop (Jr., 6-3, 195) in the fall could make this one of the most interesting positions on the team.

Beasley was the No. 2 signal-caller in 1996 and saw action in eight games as a true freshman. He completed 8-19 passes for 118 yards and one TD while showing great athleticism. Helm has been in the system for a year longer, but has taken snaps in just one game for K-State.

Bishop was rated as one of the Top 3 junior college quarterbacks in 1996 after leading Blinn (Texas) Community College to two consecutive national titles.

Junior Casey Vidriksen (Jr., 6-1, 215) also will get a look in the fall.

Jonathan Beasley (18) is K-State's most-experienced quarterback after playing in eight games in 1996.

## Snyder on the Quarterbacks ...

"Quarterback should be a very competitive position with Jonathan Beasley, Adam Helm and Casey Vidriksen returning from the 1996 team, and Michael Bishop, a highly regarded junior college transfer, figuring into our mix. We would appear to be quicker at this position with more depth, but lacking game and practice experience."

## Defensive Line ...

**Lettermen Returning:** 5 (Mike Bush\*, Joe Bob Clements\*\*\*(1DT),

**JEROME EVANS\*(11DT), Darren Howard\*, Damion McIntosh\*.**

**Lettermen Lost:** 3 (THAD SWAZER\*\*\*(12DE), ANDREW TIMMONS\*\*\*\*(12DT), NYLE WIREN\*\*\*\*(12DE)).

## Defensive Line in Brief ...

The Wildcat staff will be taking a hard look at the defensive line entering fall drills as senior defensive tackle Jerome Evans (Sr., 6-6, 305) is the only returning starter. K-State will be looking to replace defensive ends Thad Swazer and Nyle Wiren, and tackle Andrew Timmons. Wiren is K-State's all-time leader in quarterback sacks and earned first-team All-Big 12 honors in 1996.

Evans stepped in at tackle and had a strong season with 80 tackles (fifth on team), including 12 tackles for loss (second on team). Evans enters the fall backed up by Ben Jimenez (Jr., 6-1, 295) at one tackle, although junior college transfer Andrae Rowe (Jr., 6-2, 275) could challenge for some playing time in 1997.

Sophomore Damion McIntosh (So., 6-4, 290), who lettered in 1996, enters the fall as a starting tackle opposite Evans. Junior-college transfer Niljah McCoy (Jr., 6-3, 265) played well in the spring and enters fall backing up McIntosh. McCoy can play any position on the defensive front. The addition of junior college transfers Ricky Leung-Wai (Jr., 6-2, 260) and Rowe in the fall, as well as redshirt freshman Clint McCray (Fr., 5-11, 275), should add needed depth here.

Promising sophomore Darren Howard (So., 6-4, 240) looks to take over Wiren's role as the top outside pass rusher. Howard missed two games with leg injuries, but still had five tackles for loss and 2.5 sacks among his 29 tackles, primarily as a reserve in 1996. Junior Mike Bush (Jr., 6-3, 230) and Brandon Simpson (Jr., 6-2, 240) are slated to back up Howard.

At the other end position, Joe Bob Clements (Jr., 6-3, 245) moved into his third position while at K-State to enter the fall as a starting defensive end. Clements impressed coaches with his quickness around the corner in the spring, but will be pushed by redshirt freshman Chris Johnson (Fr., 6-1, 240), who could also see time at fullback. Incoming freshman and Parade All-American Monty Beisel (Fr., 6-4, 240) will be given a long look at defensive end in the fall.

## Snyder on the Defensive Line ...

"Hopefully, several transfer students will help enhance not only the strength, but also the depth of these four positions. Incoming freshman Monty Beisel may also be a factor in the fall."

## Linebackers ...

**Lettermen Returning:** 6 (David Conley\*\*, Derek King\*\*, TRAVIS OCHS\*\*\*(12OLB), MARK SIMONEAU\*(12OLB), Shelby

Wehrman\*, Casey Wehrman\*\*\*(1MLB), Turelle Williams\*.

**Lettermen Lost:** 1 (DeSHAWN FOGLE\*\*\*\*(11MLB)).

## Linebackers in Brief ...

With the return of starting outside linebackers Travis Ochs (Jr., 6-3, 225) and Mark Simoneau (So., 6-0, 230), this could be K-State's strongest position on the defensive side of the ball.

Ochs (1995) and Simoneau (1996) are both former conference freshmen defensive players-of-the-year, and look to have terrific futures. Ochs was sixth on the team with 78 tackles in 1996, including 10 tackles-for-loss and three quarterback sacks. He also picked off two passes while earning third-team All-Big 12 honors.

Simoneau earned Freshman All-America and Big 12 Defensive Freshman-of-the-Year honors after making 111 tackles (second on team).

including 11 tackles for loss (third on team). His 111 tackles is a K-State record for freshmen.

Junior David Conley (Jr., 6-2, 205) and Da'Von Brame (Fr., 6-3, 205) will back up Ochs, while junior Shelby Werhman (Jr., 5-10, 205) is playing behind Simoneau entering the fall.

DeShawn Fogle, who led the Wildcats with 112 tackles in 1996, has graduated, opening up the middle linebacker spot. Sophomore Turelle Williams (So., 6-0, 230) lettered as a reserve in 1996 and enters the fall as the starter. Casey Wehrman (Sr., 6-0, 220) is listed as his back-up, but both players could be pushed by junior college All-American Jeff Kelly (Jr., 6-3, 240), who is expected to provide excellent competition when he arrives in the fall.

## Snyder on the Linebackers ...

"Returning all but DeShawn Fogle, and the addition of transfer Jeff Kelly, should make this a competitive position for starting assignments and also should allow for quality depth."

## Defensive Backs ...

**Lettermen Returning:** 3 (**LAMAR CHAPMAN** \* (5CB, 1FS), Demetrie Denmark\* (3CB), Monty Spiller\*\*).

**Lettermen Lost:** 5 (**CHRIS CANTY**\*\*\* (12CB), **JOE GORDON**\*\*\*\* (4CB), **CLYDE JOHNSON**\*\*\*\* (12SS), **MARIO SMITH**\*\*\*\* (11FS), Lin Dotson\*).

## Defensive Backs in Brief ...

The defensive backfield is probably where the Wildcats suffer their biggest loss with the graduation or early departure of all four starters in the 1997 Cotton Bowl. Two-time All-American Chris Canty made himself available for the NFL draft following his junior season, while Joe Gordon, Clyde Johnson and Mario Smith finished their eligibility. Canty and Smith were both first-team All-Big 12 picks in 1996, while Johnson earned honorable-mention league honors. Gordon lost a big part of his senior season with a broken leg, but was still highly regarded after earning first-team All-Big Eight honors in 1994 and 1995.

The injury to Gordon, though, may actually help the 1997 squad. His time off the field allowed Lamar Chapman (So., 6-0, 180) and Demetrie Denmark (Sr., 5-8, 175) to earn valuable playing time that should pay off this fall.

K-State coaches feel Chapman is an emerging star after starting five games at cornerback and one at free safety, where he is expected to replace the graduated Mario Smith in 1997. Denmark saw action in every game in 1996, starting three times. He has terrific speed and strength and should move into the wide-side cornerback position vacated by Gordon.

At the short-side cornerback position, where Canty earned All-America honors each of the last two seasons, redshirt freshman Adrian Beard (Fr., 5-8, 180) appears to have won the battle with junior college transfer Keith Black (Jr., 5-10, 170) as the starter heading into the fall. Black also competed for the Wildcat track team during the spring and is one of the top sprinters in the Big 12. He finished fourth in the 400 meters at the Big 12 Indoor Championships in February and second in the outdoor meet in May.

Redshirt freshman Dyshod Carter (Fr., 5-10, 175) is slated to back up Denmark, while junior-college transfers Isaac Harvin (Jr., 6-1, 190) and Gerald Neasman (Jr., 5-10, 180) should compete for playing time once they arrive in the fall.

At strong safety, senior Monty Spiller (Sr., 5-11, 195) and redshirt freshman Jarrod Cooper (Fr., 6-1, 205) enter the fall fighting for the starting nod. Spiller has the edge in experience after lettering each of the last two seasons, although Cooper may have the edge in size and speed. Junior-college transfer Cephus Scott (Jr., 6-2, 190) will add additional depth in the fall and could compete for a starting spot.

Spiller looks like a player who can swing between both safety positions, while redshirt freshman David Williams (Fr., 5-9, 161) enters the fall backing up Chapman.

## Snyder on the Defensive Secondary ...

"This position was hit heaviest by graduation losses. It was a valuable spring for all returning secondary players as all positions were wide open. Several transfers will provide even greater competition in the fall."

## Specialists ...

**Lettermen Returning:** 5 (**CHRIS HESS** (short snapper)\*\*\*, **BRANDON KNOWLES** (long snapper)\*\*\*, **JAMES GARCIA**\*\* (12P), Martin Gramatica\*\*, **JAMIE RHEEM**\* (12PK)).

**Lettermen Lost:** 1 (Chad Romano\*\*\*\*)

## Specialists in Brief ...

Junior James Garcia (Jr., 6-2, 195) returns as one of the top punters in the Big 12 after averaging 44.3 yards per punt in 1996, to rank third in the league and 15th in the nation. He enters the 1997 season as Kansas State's career punting leader with a 43.1 average during his first two seasons.

Jamie Rheem (So., 6-1, 185) stepped in as K-State's placekicker in 1996 after Martin Gramatica (Jr., 5-9, 170) suffered a knee injury the week prior to the season opener. Rheem did a solid job by making all 43 of his extra-point attempts and four-of-eight field-goal attempts, including a career-long 51-yarder against Nebraska.

Gramatica was cleared to resume workouts in the spring and will provide strong competition for the kicking position after scoring 120 points during his first two seasons, including 13-19 field-goal attempts.

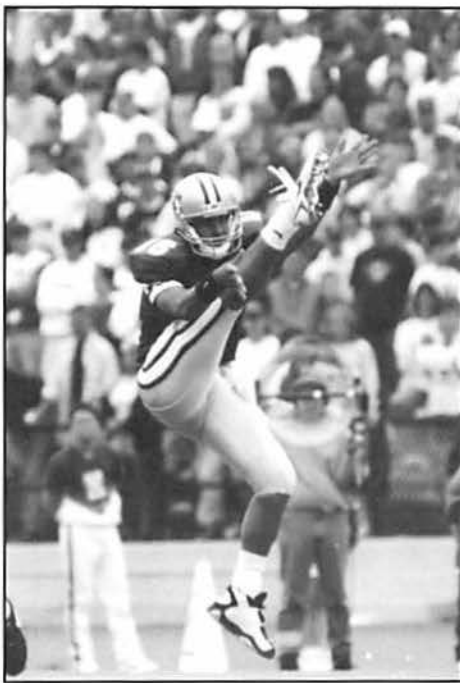

Mike Lawrence was one of K-State's top kickoff returners last season, averaging 49.7 yards on three returns. Two of Lawrence's returns went for 65 yards. Incoming J.C. transfer Gerald Neasman has run a sub-4.3 40-yard dash and has shown outstanding return skills at the junior college level. He'll be given a chance to contribute on returns when he arrives in the fall.

David Allen emerged as the leader for punt returns in the spring and could help on kickoff returns. Marlon Charles also played on the No. 1 kickoff return team in the spring.

Brandon Knowles (Jr., 5-11, 235) and Chris Hess (Sr., 6-1, 255) return as the K-State long snappers, while James Garcia and Casey Vidrickson return as holders for extra point and field goal attempts.

## Snyder on the Special Teams ...

"The return of both long snappers, most of our kickoff returners, our No. 1 punter and placekicker, along with Martin Gramatica, who was out all season with an injury, would seem to make the special teams solid entering the fall. There is, however, a need for improvement by all specialists as well as virtually all special teams play, as our production fell off this past season."

James Garcia (16) enters his junior season as K-State's career punting average leader at 43.1 yards.

## The Elite

Kansas State is one of just six schools in the nation to win at least nine games each of the last four seasons. K-State is joined by Nebraska, Ohio State, Florida, Penn State and Florida State with that distinction. The Wildcats have been ranked in the Top 25 for 58 of the last 62 polls by either AP or USA Today.

## KSU Stadium/Wagner Field Home Cookin'

Kansas State has the sixth-winningest home record in college football during the '90s. K-State has won 34 in a row at KSU Stadium against non-ranked teams. Below is a list of the top home records since 1990:

1. Florida State	40-1-1 (.964)
2. Nebraska	43-2 (.956)
3. Florida	39-2 (.951)
4. Miami	39-4 (.907)
5. Texas A&M	37-4-1 (.893)
6. Kansas State	37-5-1 (.872)

## Big 12 Records Since 1993

Kansas State trails just Nebraska and Colorado with the third-best record among all Big 12 schools over the last four seasons with a 36-10-1 mark, including 20-8-1 in league play. Below is a list of Big 12 schools and their records since 1993:

	Overall	Big 8/SWC/Big 12
Nebraska	47-3	29-0
Colorado	39-8-1	23-5-1
<b>Kansas State</b>	<b>36-10-1</b>	<b>20-8-1</b>
Texas A&M	35-11-1	22-6-1

## KSU started 4-0 for just eighth time

When the Wildcats defeated Rice Sept. 21 (34-7) it marked just the eighth time in history that KSU had started a season with a perfect 4-0 record ... Half of those seasons have come in the last four years under head coach Bill Snyder, who has guided K-State to starts of 5-0-1993; 4-0-1994; 6-0-1995 and 4-0-1996 ... In each of the last four seasons, KSU's perfect starts have been stopped by Nebraska ... No K-State coach other than Snyder has started a season 4-0 more than once ... A span of 62 years separated K-State's last 4-0 start prior to Snyder's first unblemished beginning in 1993.

### K-States' 4-0 starts

Year	Start	Final Record	Head Coach	1st Loss	Score
1996	4-0	9-3	Bill Snyder	Nebraska	39-3
1995	6-0	10-2-0	Bill Snyder	Nebraska	49-25
1994	4-0	9-3-0	Bill Snyder	Nebraska	17-6
1993	5-0	9-2-1	Bill Snyder	Nebraska	45-28

1910	7-0	10-1-0	Mike Ahearn	Colo. Col.	15-8

## Nine-Win Seasons Rare Prior to Snyder

Not only were 4-0 starts rare prior to the arrival of head coach Bill Snyder, so were nine wins in a season ... K-State has had just five total seasons in history (101 total) with at least nine wins ... four of those have been under Snyder, who has guided the Wildcats to at least nine wins in each of the last four seasons ... During no other span in K-State history has seven-consecutive teams won at least five games (1990-96).

Against Indiana State, K-State defenders were credited with four sacks for -25 yards with 10 passes broken up ... The Sycamores completed just 8 of 21 passes for 112 yards ... Cincinnati managed just 162 yards in total offense while allowing five sacks ... After the regular season, K-State's defense was ranked No. 11 nationally in scoring defense (15.6 ppg.), No. 4 in pass efficiency defense (85.8) and No. 16 in total defense (298.1 ypg.)

Head coach Bill Snyder

In just eight seasons, Kansas State head coach Bill Snyder has taken the Wildcat football program from the depths of college football to one of the nation's premier programs, making Snyder one of the most-decorated head coaches in college football.

Since Snyder took over the program prior to the 1989 season, he has triggered what many experts have called the greatest turnaround in college football history. And unlike most reclamation projects, Kansas State's story hasn't been a one-season flash in the pan.

Snyder has won at least nine games in each of the last four seasons, making K-State one of just six major college football programs to reach that milestone. He also has led K-State to four-straight bowl games for the first time in school history and has had the Wildcats ranked in the Top 10 each of the past three seasons. The Wildcats also have been one of college football's best home teams under Snyder, compiling an impressive 37-5-1 record at KSU Stadium since 1990, the sixth-best home record in college football this decade.

The 1996 season saw K-State finish with a 9-3 record, while more than 45,000 Wildcat fans painted Dallas purple for the Southwestern Bell Cotton Bowl, Kansas State's first-ever New Year's Day Bowl. Despite a 19-15 loss to No. 5 Brigham Young, the support and respect for the K-State program grew to unprecedented heights.

In 1995, Snyder guided K-State to a 10-2 record, including a 5-2 Big Eight record to tie for second place behind national-champion Nebraska. Following a 54-21 blitzing of WAC-champion Colorado State in the 1995 Holiday Bowl, the Wildcats finished the season ranked sixth in the *USA Today/CNN* Coaches Poll and seventh in the *Associated Press* Poll. Both rankings were the highest ever attained by a Kansas State football team.

Snyder's unprecedented success at Kansas State hasn't gone unnoticed. Snyder has been named the National Coach-of-the-Year on two occasions (by ESPN in 1991 and by CNN in 1994). He has been a finalist for the prestigious Bear Bryant/FWAA National Coach of the Year Award in both 1993 and 1995; a finalist for the Football News National Coach of the Year Award in 1995; and a finalist for the Kodak/AFCA National Coach of the Year Award in 1993. In 1993 he joined legendary Nebraska head coach Bob Devaney as the only head coaches in Big Eight history to be named *Associated Press* Big Eight Coach-of-the-Year three times in a four-year period (1990, 1991 and 1993). The *Houston Chronicle* named him the 1996 Big 12 Coach-of-the-Year.

During the last three seasons, the Wildcats have amassed a 37-10-1 record, just one game behind Colorado for the third-best overall mark among the teams in the Big 12 Conference. And, K-State has been ranked in the Top 25 for 58 of the past 62 polls, including a current streak of 31-consecutive polls heading into 1997.

Those numbers alone indicate the emergence of a new power in the Big 12 Conference and with it the recognition that Snyder is truly one of the finest coaches in college football today.

But to put the significance of that success into proper perspective, one must consider the not-so-distant history of what was the worst football program in the country and the profound impact Snyder has had not only on the football program, but Kansas State University as a whole.

Perhaps former Colorado head coach Bill McCartney said it best.

"I don't think anybody has approximated what he's done," McCartney said in 1994. "He's taken a team that didn't have a good football tradition. Colorado had a good tradition at one time, but what has happened at Kansas State is unprecedented. I don't think anybody in college football can compare to what they've done in Manhattan. It looks like the entire university has gotten behind him. They're hitting on all cylinders in recruiting, academically, and in their cohesiveness."

The list of accomplishments Snyder has amassed in just eight years is as endless as the time most people thought it would take for the Wildcats to be a consistent threat in the Big Eight, and now, Big 12 Conference.

In 1993, Snyder guided K-State to its first bowl win in school history and in 1994 the Wildcats cracked the Top 10 for the first time in school history.

In 1995, the Wildcats finished tied for second in the Big Eight and their 5-2 league mark gave K-State two-consecutive 5-2 Big Eight seasons. In the last three years of the Big Eight, the Wildcats defeated or tied every team in the league except Nebraska, pushing the Huskers to the wire three times in the last five years. Against Oklahoma, Kansas, Missouri, Oklahoma State and Iowa State, the Wildcats are 18-1 since 1993. The 'Cats also ran up the Big Eight's best non-conference mark since 1990 with a 26-5 record outside the loop in the last six years.

While some of those accomplishments would be considered modest at some schools, history tells you why they are so impressive at Kansas State.

In the last seven years, Snyder has resurrected the Wildcats from a 1-36-1 stretch to close out the 1980s to a 54-26-1 mark to start the 1990s. In fact, those 54 wins this decade are already more than twice the total that K-State won during the entire 1980s (22-86-1) and at least six wins more than any decade in Kansas State football history.

Individually, Snyder has produced 20 different All-Americans during the past seven years, including five consensus first-team All-Americans in 1992 (his son, punter Sean Snyder), 1993 (FS Jaime Mendez), 1995 (CB Chris Canty and DT Tim Colston) and 1996 (Chris Canty).

Hayden Fry, the longtime Iowa head coach who watched Snyder direct a dangerous Hawkeye offense for 10 years during that program's amazing turnaround, was the first to forecast Kansas State's rise.

"I think he'll do a job much quicker than anyone anticipates in regards to taking Kansas State to respectability," Fry said. "He's a quality coach and gentleman."

And yet it's probable that even Fry looks on in amazement when

pondering where the Kansas State football program was before Snyder's arrival and the level it has ascended to today.

The foundation for K-State's turnaround was laid in 1989 during Snyder's first season in Manhattan. Although the season yielded just a 1-10 record, it became evident to everyone involved in the program that something special was happening. Most importantly, Snyder instilled a winning attitude and a healthy dose of self-respect and enthusiasm to a program that had been given up for dead more than once over the years.

**Bill Snyder is the winningest coach in Kansas State history and has led the Wildcats to four-straight Bowl games.**

In 1990, Kansas State was one of just four teams in the country to improve its record by four games with a 5-6 mark, including its first Big Eight Conference wins in four seasons with victories over Oklahoma State and Iowa State. Snyder again beat those two schools with impressive wins in 1991, while adding Kansas and Missouri to the list of his Big Eight victims to finish at 7-4. Heavy graduation losses on the offensive side of the ball resulted in a 5-6 mark in 1992, but the Wildcats were still able to hang their hats on their first perfect home season (5-0) since 1934.

While Snyder has already produced so many significant accomplishments in eight seasons, he insists the script is far from being complete. His long-term dedication to a grid revival at Kansas State was proven in 1993 when he signed a 10-year contract. More than \$10 million have been poured into the football facilities since Snyder's arrival and the result is an overall football facility that rivals any in the country, including the totally remodeled Vanier Football Complex, new Astroturf in 1991, the recent addition of a \$3.3 million five-story press box, a \$2.2 million full-scale indoor practice facility; and the completion in 1996 of a \$1 million academic learning center. Gracious donors, who have contributed practically all of the funding for the projects, and a cooperative administration have made the changes possible. Snyder's vision has served as the trigger.

Of course, it should come as no surprise that Snyder would be this kind of architect for a building program. At Iowa, he played a key role in the renaissance of a Hawkeye program that went from 17-consecutive losing seasons to eight-straight bowl appearances. Snyder was the mind behind Iowa's potent offensive attack. The Hawkeye offense ranked first in passing efficiency and third in passing yardage nationally in Snyder's last five years of direction. In his final Iowa season, the Peach Bowl team led the Big Ten, and ranked seventh nationally, with 277 passing yards per game. That team also ranked second in the Big Ten with 416 yards of total offense per outing.

Snyder also served as quarterback coach at Iowa, and helped develop some of the best quarterbacks in NCAA history, including NFL players Chuck Long, Mark Vlasie and Chuck Hartlieb, who wrapped up his career as the first Hawkeye quarterback to throw for 3,000 yards in back-to-back seasons.

Snyder, a member of the American Football Coaches Association Rules Committee and Ethics Committee and a speaker at the 1991 and 1995 NCAA Football Forum, began his full-time coaching career in 1964 as an assistant at Indio High School in California. In 1966, he

served as a graduate assistant at USC before returning to become the head coach at Indio in 1967. He accepted the same position at Santa Ana Foothill High School in 1969, and stayed there until 1973. His record in California was 32-10-3.

In 1974, Snyder became the offensive coordinator on the football staff and head swimming coach at Austin College in Sherman, Texas. He joined the University of North Texas staff in 1976 where he helped author an impressive turnaround with a three-year record of 26-7-0. With the Hayden Fry staff, he left UNT in 1979 to take over at Iowa.

Snyder, who was hired as Kansas State's 33rd head football coach on Nov. 30, 1988, received his B.A. from William Jewell in 1963. He earned his M.A. from Eastern New Mexico in 1965. As a player, he was a three-year letterwinner as a defensive back at William Jewell. Snyder and his wife, Sharon, have two sons (Sean and Ross) and three daughters (Shannon, Meredith and Whitney). Sean was a first-team All-America punter by *Associated Press*, *Kodak* and *Athlon's* for Kansas State in 1992, and is currently on the Wildcat staff serving as the assistant AD/football operations.

# Head Coach Bill Snyder

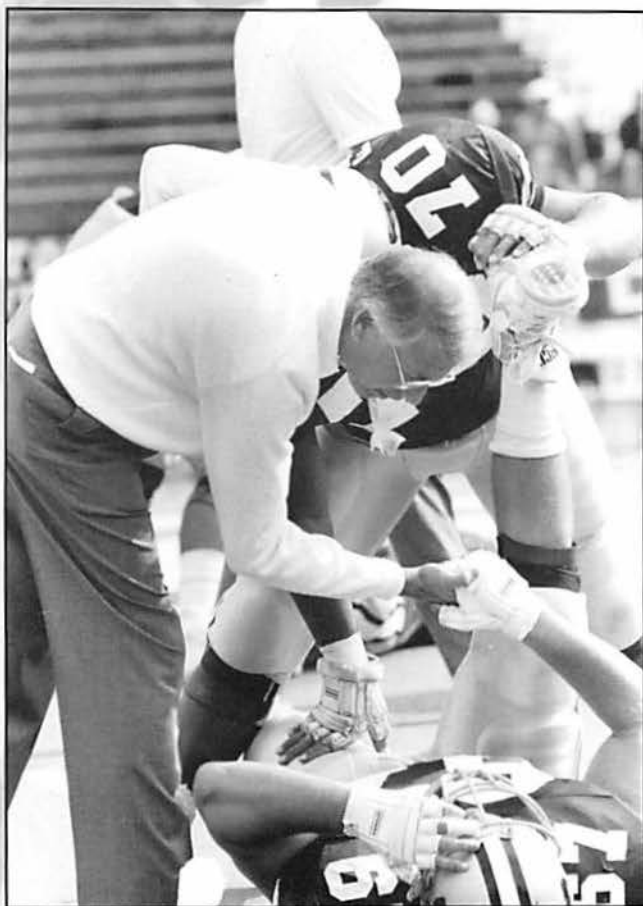

**P**recise. Intense. Tireless. Accomplished. Dedicated. Caring. Professional. Kansas State University's Head Football Coach Bill Snyder is all of these - and much more.

To understand the full picture of Bill Snyder, it is necessary to acknowledge the values, sincerity, warmth, and concern for the people around him; qualities that solidify his reputation as an innovator in college athletics.

It's those same values and work ethic, instilled by Snyder, that have given rise to the greatest turnaround in college football history.

Charged with the mission of stopping a 0-26-1 streak upon his arrival in 1989, Snyder has guided the Wildcats from the depths of college football to being one of only six Division I programs to win nine games each of the last four seasons. For the fourth-consecutive season in 1996, his team finished in the Top 20 and played in the first New Year's Day Bowl in Kansas State history.

His 1995 team finished sixth and seventh in the final polls while his 1993 and 1994 teams finished in the Top 20. The final ranking in 1995 represent

the highest national ranking in the school's history. Under Snyder, the Wildcats have rolled to a 37-5-1 home record in the 1990s, the sixth-best home record in college football this decade. Snyder is considered among the finest football coaches in the land and he has been recognized as National Coach-of-the-Year twice in the last six seasons (by ESPN in 1991; by CNN in 1994). He also joined legendary coach Bob Devaney as the only men in Big Eight history to be named Associated Press Coach-of-the-Year three years in a

four-year span (1990, 1991, and 1993).

His appointment at K-State followed unparalleled turnarounds at North Texas and at Iowa, where he played key roles in restoring and renewing both institutions' football programs. Snyder spent 10 years as the mastermind of the Iowa Hawkeye offense, which annually ranked among the nation's best.

Coach Snyder has been successful in places where winning had previously only been dreamed about. Today, at Kansas State University, Bill Snyder has instilled fresh ideas, unbridled enthusiasm, and above all - success with a touch of class.

# Why K-State?

**"Their defense is probably as strong and as quick, and as well-coached as any I've been around. This is the worst physical beating I've ever been associated with."**

**-- Former Oklahoma Head Coach  
Howard Schnellenberger--1995**

**"... Not only is Bill Snyder one of the brightest strategic coaches, but he has brought along the best football staff ever to set up shop in Manhattan."**

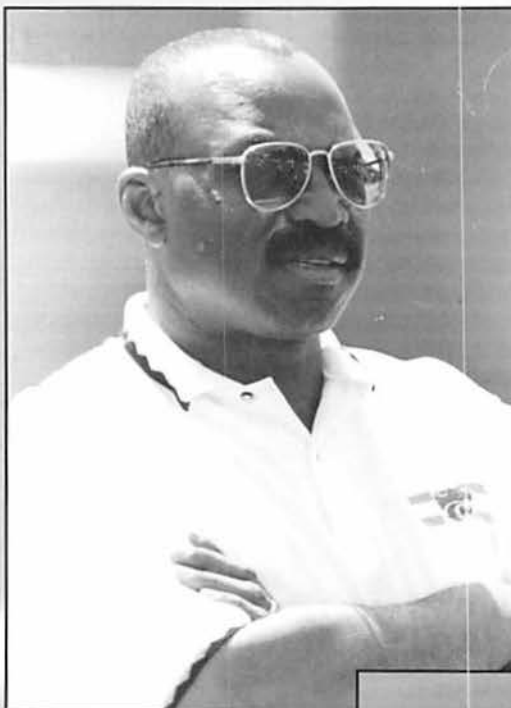

**— The Sporting News**

**"I don't think anybody has approximated what Snyder has done. He's taken a team that didn't have a good football tradition. Colorado had a good tradition at one time, but what has happened at Kansas State is unprecedented. I don't think anybody in college football can compare to what they've done in Manhattan. It looks like the entire university has gotten behind him. They're hitting on all cylinders in recruiting, academically and in their cohesiveness."**

**-- Former Colorado Head Coach Bill McCartney**

**The Total Experience**

# Why K-State?

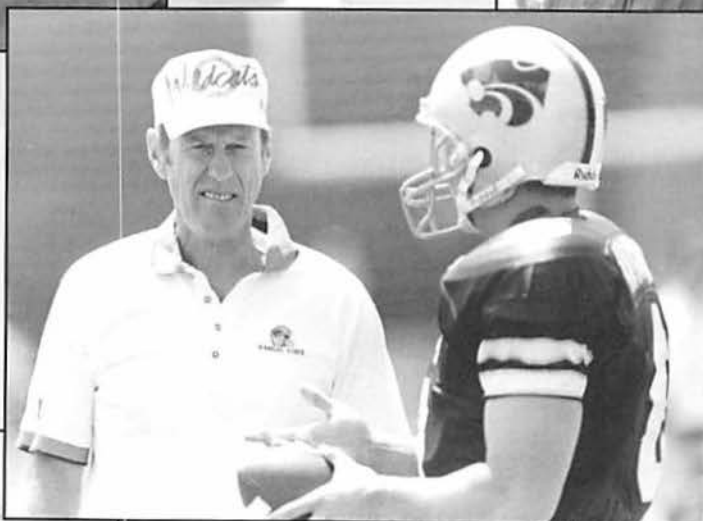

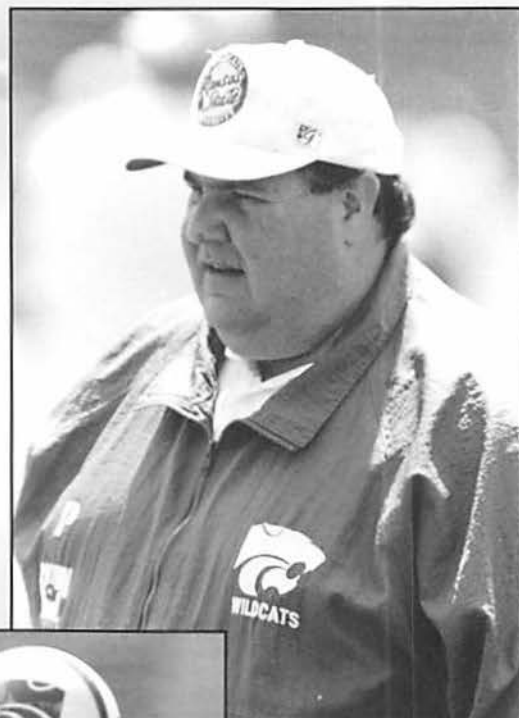

"It's hard to believe this is the same program I left 14 years ago. K-State's commitment to football in the recent years is unparalleled and that's why no program in the country has gained more ground on the national level during the 1990s."

**-- Defensive Tackles Coach  
Mo Latimore  
(Above)**

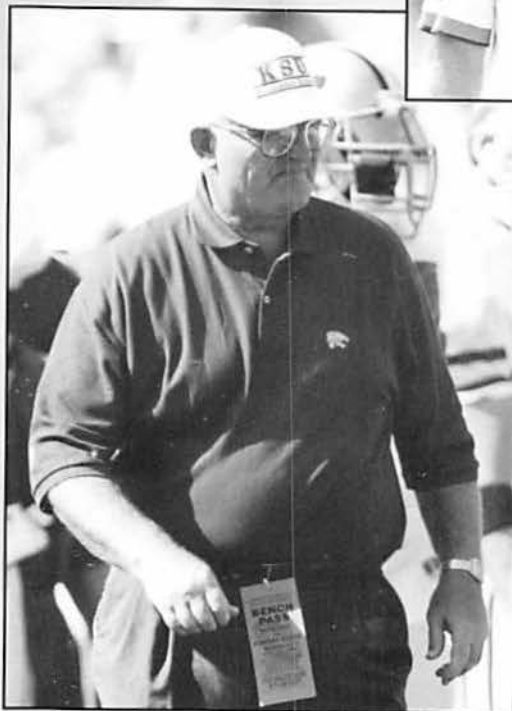

"KSU provides a young man an opportunity to receive a first-rate education at one of the finest institutions in the nation while playing football in a nationally ranked football program. Academics and athletics go hand-in-hand at K-State."

**-- Running Game  
Coordinator /  
Interior Offensive  
Line Coach Mark  
Mangino  
(Right)**

"I've been involved with some of the most high-profile passing attacks in college football during the past 20 years, but I've never been around a more diverse and exciting offense than Kansas State's."

**-- Offensive Coordinator /  
Quarterbacks Coach  
Ron Hudson  
(Left)**

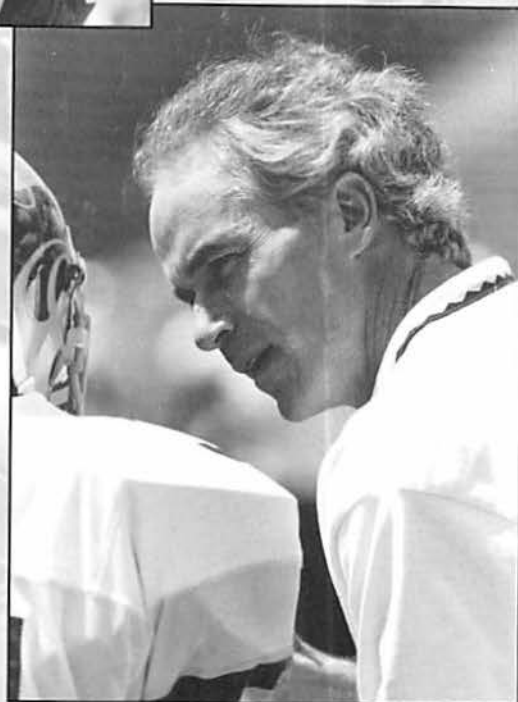

"This is a special time to be a part of the K-State football program. When you combine support from the administration, the tremendous facilities and the personal touch of a coach like Bill Snyder, it doesn't take long to realize why success has happened so quickly at Kansas State."

**-- Tight Ends / Tackles Coach Larry Kramer (Above)**

"Having coached in the Big Eight Conference prior to Coach Snyder's arrival at Kansas State, as well as during the building of the program, I have a different appreciation for what has been accomplished here. From the level of commitment by our administration, coaches, support staff and players, to the enthusiasm found in our alumni and fans, the 'attitude' at K-State is a 'winning attitude.'"

**-- Defensive Ends Coach  
Jon Fabris  
(Right)**

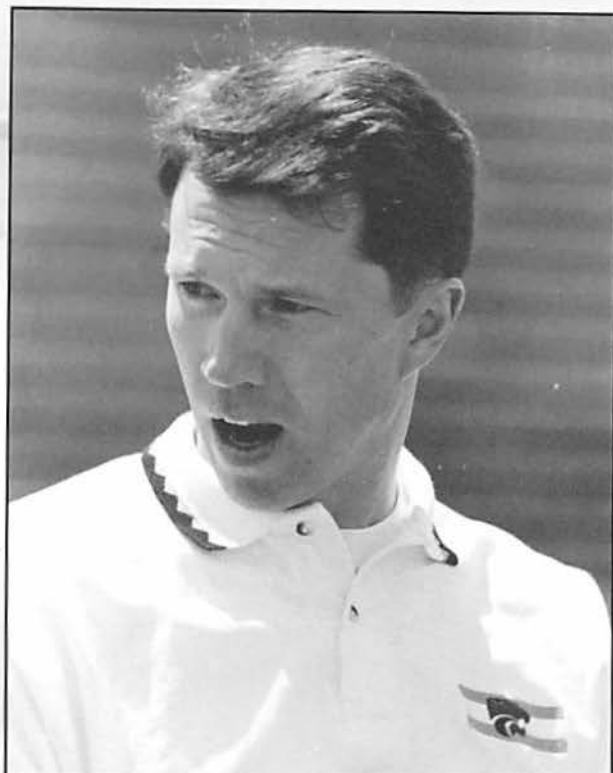

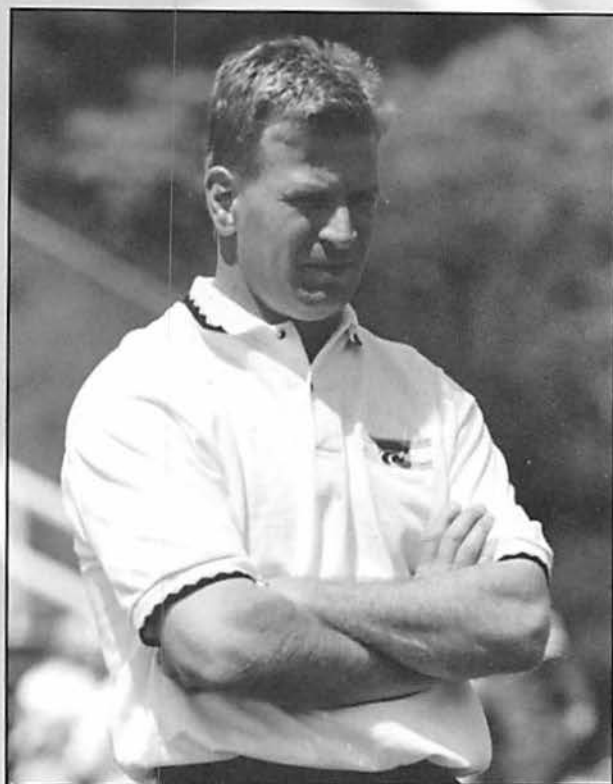

# Outstanding Coaches

"Having spent 11 years in the Big Ten, you would be amazed at how people across the country are talking about K-State football. Players and coaches everywhere are genuinely excited about what is happening at Kansas State."

**-- Defensive Coordinator / Defensive Backs Coach  
Mike Stoops (Below)**

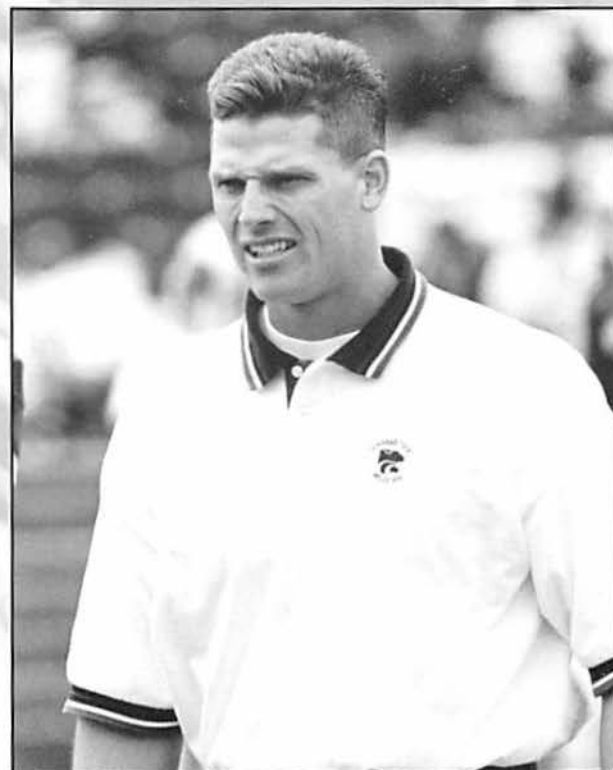

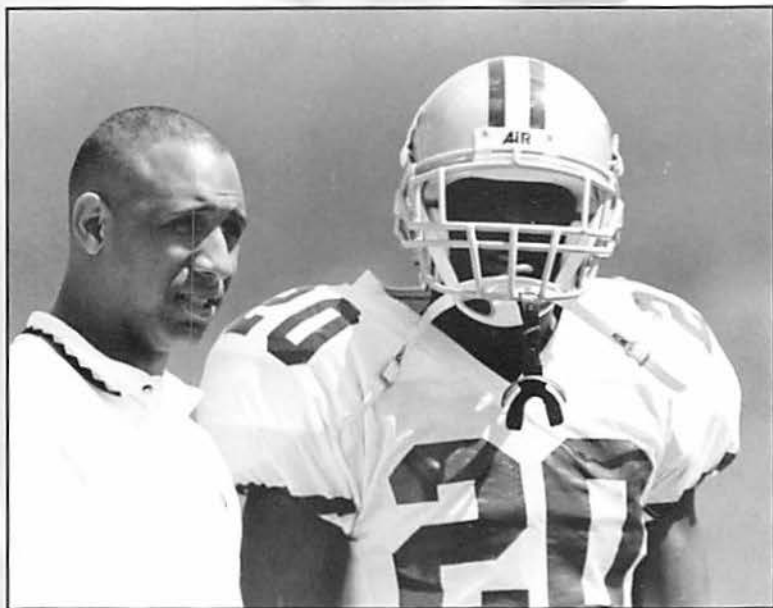

"Kansas State offers a very special opportunity to be a part of college football's newest Top 20 program. With administrative support and a proven, experienced coaching staff, all the ingredients are here."

**-- Passing Game Coordinator / Receivers Coach  
Greg Peterson (Above)**

"Growing up 70 miles from Manhattan, as well as having the opportunity to both play and coach here at Kansas State, has allowed me to really appreciate the great turnaround that has taken place under Coach Snyder and this administration. The greatest tribute to this program is that it has been built the 'old fashioned way' -- from the ground up. There hasn't been any 'short cut.' The work has been done by people that truly care about Kansas State University -- that have relished the opportunity to be a part of something so special. As a result, KSU is and always will be a 'mainstay' in college football."

**--Linebackers Coach Brent Venables (Right)**

"Being on both ends of the spectrum here at Kansas State as a player and now as a coach, it makes me really proud to be a part of the K-State family. Coach Snyder, Manhattan and Kansas State have been really good to me and my family and that makes me glad that I made the decision to become a Wildcat 10 years ago."

# Exceptional Staff

## K-State Football Support Staff

### **Wildcat Support Staff:**

(L to R) Video Coordinator Scott Eilert, Equipment Manager Jim Kleinau, Assistant AD/Football Operations Sean Snyder, Academic Counselor Todd Wyant, Strength Coach Rod Cole.

**"Absolutely no organization can run efficiently and effectively without a caring, loyal, motivated and hard-working support staff. We have exactly that here at Kansas State. They are truly special people who extend themselves far beyond what is expected."**

**--- Head Coach Bill Snyder**

**"More than anything, Coach Snyder brought discipline into my life. He takes a lot of pride in the little things and showed us that you can't accomplish a major goal unless you take care of the small things first. He cares deeply about his players and I mean it is sincere with every one of them -- from the All-Americans to the last guy on the depth chart."**

**-- 1993 First-Team All-American Jaime Mendez**

# Why K-State?

## The Emotion . . .

**"The great quarterback tradition at Iowa was a lot of Coach Snyder's doing. The one thing that I got from him was the importance of preparation. During the week, it was amazing the things he would come up with. He knew what part of the offense needed to be brought out each week."**

**-- Former Iowa and NFL Quarterback  
Chuck Hartlieb**

## . . . of Victory!

**"Kansas State is a bright shining star on its way to the next level. My intent is to make every effort to give our student-athletes and coaches the best opportunity to take their programs to another level of achievement. With all the demanding issues athletic departments are faced with today, we can't forget our greatest natural resource -- the student-athlete. We're here to give them the brightest future possible."**

# K-State Family

"We've been real pleased with the program and Kevin's progress at Kansas State. Kansas State has been great for him and we can tell he's grown up a lot since he's been there. He's done well on the field and in the classroom and the coaching staff has been a big factor in his development. We're really pleased with Coach Snyder and his staff. They're doing a tremendous job and we're 100 percent behind them. We're just really proud of what Kevin has accomplished."

**-- Lynn Gordon, Arlington, Texas. Mother of former Wildcat cornerback Joe Gordon.**

"The Kansas State football program has been a valuable experience for Jason. The expectations and values emphasized at Kansas State have not only allowed Jason to share in the tremendous success achieved on the field, they have also assisted him to develop the discipline and commitment to succeed in the classroom.

All the young men who participate in the Kansas State football program are better prepared to succeed in life because of the experience. In addition, Coach Snyder and his staff have made every effort to include our entire family in the Kansas State football program. It's been a fantastic five years for our family."

and the whole coaching staff have done much to assure that the student-athletes are in a good environment for their overall development on and off the playing field. It is also extremely important that KSU President Dr. Jon Wefald takes a personal interest in all the players and their families. As Travis is the second of our sons to be a part of this outstanding program we've had seven great years to be a part of it and fully appreciate what Coach Snyder and staff are doing with the KSU football program."

**-- Lee and Gail Ochs, Overland Park, Kan. Parents of Wildcat linebacker Travis Ochs and former defensive end Dirk Ochs.**

"From the onset of being recruited, to the pivotal point of being a potential player for the National Football League, Kansas State University has played a role in the most incredible era of my son's life. The athletics department and football program, under the auspices of the greatest head coach, Bill Snyder, exemplifies 'total team support.' Whether we entertain the joys of a game won or a drastic moment of defeat, the Wildcats remain intact with a great respect of sportsman-like conduct from the entire team.

In my opinion, K-State offers the greatest commitment to young men and women on and off the field. There has been a concerted effort from the president, Dr. Wefald, and the faculty and staff in developing one of the most respected universities in the nation. Exceptional leadership has been portrayed in guid-

# Academic All-Americans

It's no secret Kansas State's football program has become a national power during the 1990s, but just as impressive is the success current and former Wildcat players have enjoyed in the classroom.

Since Bill Snyder arrived at K-State in 1989, the Wildcat football program has produced five academic All-Americans, eight Hitachi/College Football Association First-Team National Scholar-Athletes, three National Football Foundation Hall of Fame Postgraduate Scholarship winners and 31

First-Team Academic All-Big Eight/12 selections. Furthermore, the College Football Association recently recognized K-State as one of just 19 football programs in the nation to have a graduation rate of 70 percent or better.

Listed below are just a few of the outstanding student-athletes who have distinguished themselves on the playing field and in the classroom during their K-State careers.

## **Russ Campbell** **Tight End** **1988-91**

Russ Campbell finished his career in 1991 as one of the top tight ends in the history of the Big

Eight Conference. During his stellar four-year career, Campbell had 67 receptions for 1,150 yards.

He still holds the K-State career record with an average of 17.2 yards per reception. Off the field, Campbell was a four-time Academic All-Big Eight selection. In 1991, he won a prestigious \$18,000 postgraduate scholarship from the National Football Foundation and College Hall of Fame.

## **Brooks Barta** **Linebacker** **1989-92**

A product of Smith Center, Kan., Brooks Barta is the only player in K-State history to lead the

Wildcats in tackles four-consecutive seasons. A two-time All-Big Eight selection, Barta finished his career as the second-leading tackler in Kansas State history. Barta also excelled in the classroom, earning selection to the Academic All-Big Eight team all four years. As a senior in 1992, Barta earned Academic All-America honors from the College Sports Information Directors of America (CoSIDA), was named to the Hitachi/

CFA National Scholar-Athlete Team and received the prestigious \$18,000 postgraduate scholarship from the National Football Foundation and College Hall of Fame.

## **Quentin Neujahr** **Center** **1990-93**

Quentin Neujahr was one of the best offensive linemen to ever wear K-State purple.

Neujahr started at center in 45-consecutive games from his freshman season in 1990 through the 1993 Copper Bowl triumph.

As a senior in 1993, Neujahr earned third-team All-America honors from the NFL Draft Report and was a first-team All-Big Eight selection.

Just finishing his third season with the NFL's Baltimore Ravens, Neujahr was also a three-time Academic All-Big Eight choice and was a member of the 1993 Hitachi/CFA National Scholar-Athlete First Team.

## **Kevin Lockett** **Wide Receiver** **1993-96**

Kevin Lockett finished his collegiate career as the Big Eight Conference's all-time leader in receptions while earning First-Team All-Big 12 honors in the inaugural season of the conference.

He completed his career with 217 receptions for 3,032 yards and 26 touchdowns, all K-State records. As a junior and senior Lockett earned First-Team Academic All-America honors from CoSIDA and was named to the Hitachi/CFA National Scholar-Athlete First Team.

He also was a three-time member of the Academic All-Big Eight Team and a First-Team selection to the Academic All-Big 12. Lockett began work on his master's degree while completing his eligibility last season. He was a second-round selection in the NFL Draft by the Kansas City Chiefs.

## **Jason Johnson** **Center** **1993-96**

K-State's starting center since 1994, Jason Johnson carried a 3.8 cumulative grade-point average in business administration.

As a junior in 1995, Johnson earned First-Team Academic All-Big Eight honors for the second time and was named Academic All-American Second-Team by CoSIDA. In 1996 as a senior, Johnson earned second-team All-Big 12 honors on the field and first-team Academic All-America accolades from GTE/CoSIDA and the CFA. He also had a spot on the Academic All-Big 12 first-team.

## Texas Tech University

Aug. 31, 1996

KSU Stadium/Wagner Field (43,143)

Manhattan, Kan.

#21/18 Kansas State 21, Texas Tech 14

Kansas State opened its 101st football season against Texas Tech in the inaugural Big 12 Conference game. The Cats allowed 17 more first downs, 232 more yards in total offense and 103 offensive snaps from the Red Raiders. However, the K-State defense held tough and the special teams shined as Tech could not muster the upset bid.

After a Tech field goal to open the scoring in the first quarter, K-State countered with a 1-yard run from quarterback Brian Kavanagh in the second quarter for the first Purple touchdown of the Big 12 era. K-State then responded with a Jimmy Dean 17-yard reception for a touchdown and free-safety Mario Smith's recovery of a bad snap in the end zone on a Tech punt attempt. K-State was ahead 21-3 with 12:51 remaining in the game, but the Red Raiders were far from finished.

Led by quarterback Zebbie Letheridge, Tech engineered two scoring drives to pull within seven points, then in the closing minutes recovered a K-State fumble. The Red Raiders marched to the K-State 13-yard line. Despite being on the field for 99 Tech offensive plays, the Cats defense held. Freshman cornerback Lamar Chapman was credited with a pass-broken-up on first down; Letheridge was sacked by linebacker DeShawn Fogle on second down; Mario Smith was credited with breaking up a third-down pass; and, on fourth down, Smith and Chapman combined to break up Letheridge and Tech's last-gasp attempt. K-State ran out the clock and claimed the inaugural Big 12 game, 21-14.

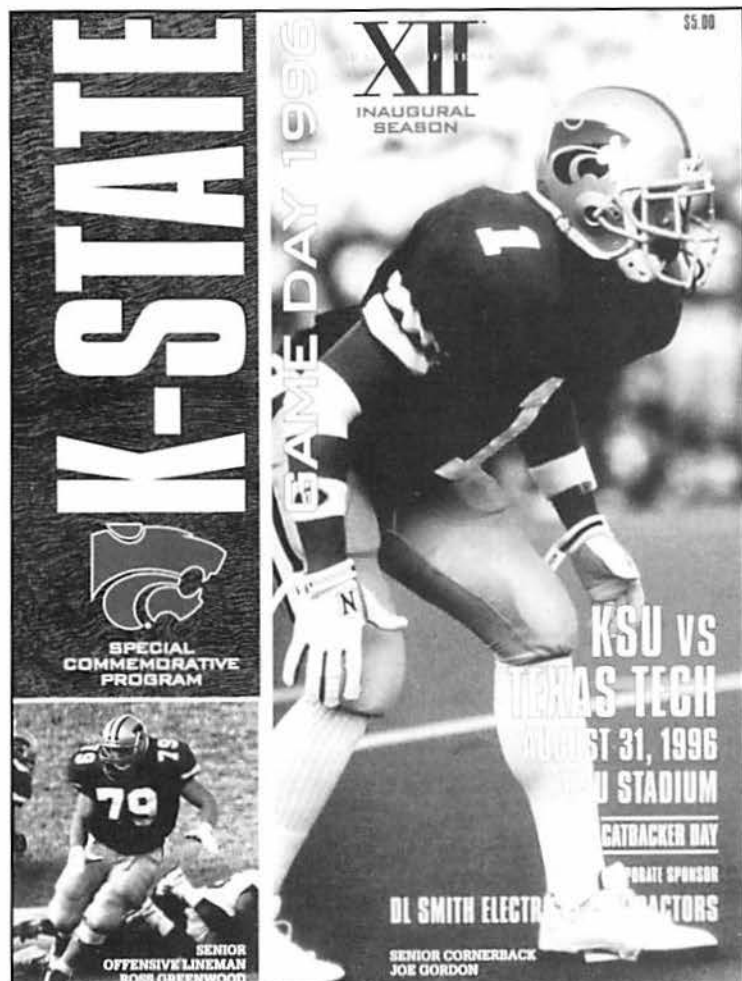

KSU's Nyle Wiren earned the Big 12's first Defensive Player-of-the-Week honor after garnering four tackles for loss, including three quarterback sacks.

## Indiana State University

Sept. 7, 1996

KSU Stadium/Wagner Field (40,424)

Manhattan, Kan.

#21/15 Kansas State 59, Indiana St. 3

After holding off Texas Tech in the opener, K-State opened the floodgates on Division I-AA Indiana State. The 'Cats totalled 565 yards of offense while allowing the Sycamores a mere 180. K-State didn't allow an ISU point until a Sycamore field goal in the fourth quarter.

Sophomore running back Marlon Charles stole the show as he rushed for 195 yards, the fourth-highest total ever by a K-State back. Charles also notched three touchdowns while fullback Brian Goolsby continued the ground assault with his first career touchdown run.

The air attack was led by the Brian Kavanagh-Kevin Lockett combination. Kavanagh completed 19 of 22 passes (no ints) for 232 yards and three TDs for a passing efficiency of 219.94. Lockett tallied seven catches for 140 yards and one touchdown.

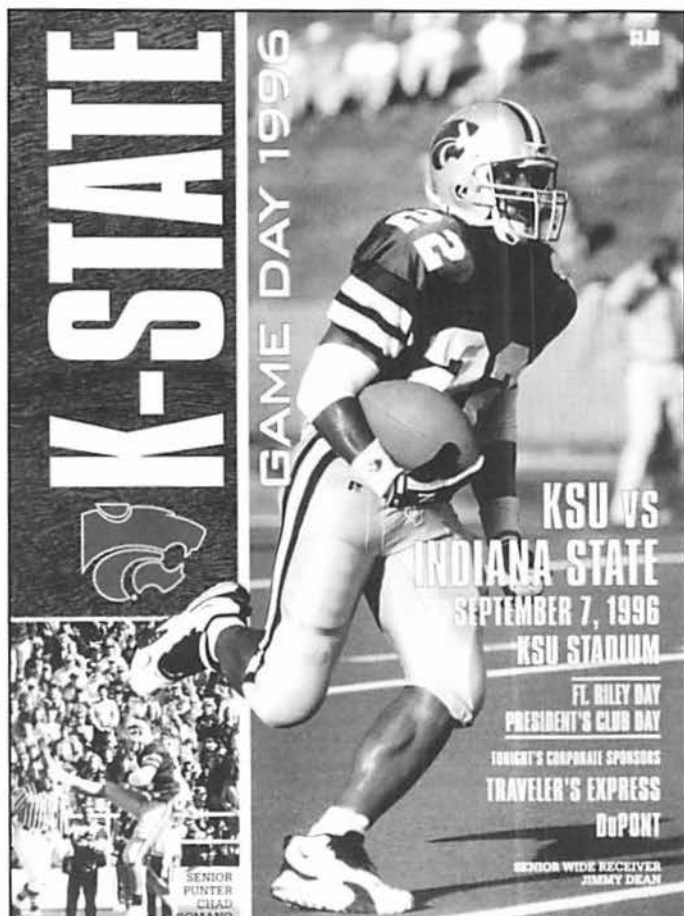

All questions of who was the No. 2 quarterback for K-State were answered when true freshman Jonathan Beasley made an appearance. Beasley completed two passes on four attempts for 65 yards and one touchdown in an impressive debut. His 57-yard scoring strike to Troy Hackney was the longest pass play of the season for KSU.

**Sept. 14, 1996**  
**KSU Stadium/Wagner Field (43,111)**  
**Manhattan, Kan.**  
**#17/14 Kansas State 35, Cincinnati 0**

After a Kevin Lockett touchdown sealed the Bearcats' fate with no time left on the clock in 1995, K-State knew that Cincinnati felt it had something to prove in this year's contest.

Mike Lawrence opened the K-State attack with a 2-yard run for a touchdown followed by Marlon Charles' 6-yard scamper for a TD. The 'Cats were up 14-0 in the first quarter, but the Bearcats held tough and went into the half with no further damage.

With Ciney still in the game after one half, the K-State defense tightened the clamps even more and pitched its first shutout of the year. The Bearcats were held to 162 yards of offense, and completed just eight passes for 58 yards through the air.

K-State continued its rushing attack in the second half with three more scores on the ground. Lawrence and Charles each added one more score while Brian Goolsby drove his way in from the 1-yard line for six more points. Charles topped the century mark rushing for the second-consecutive game with 106 yards.

The Cats finished the day with 264 yards rushing on 52 attempts while attempting 37 passes. The Wildcat rushing attack was once again on track as K-State headed for its first road game of the year at Rice.

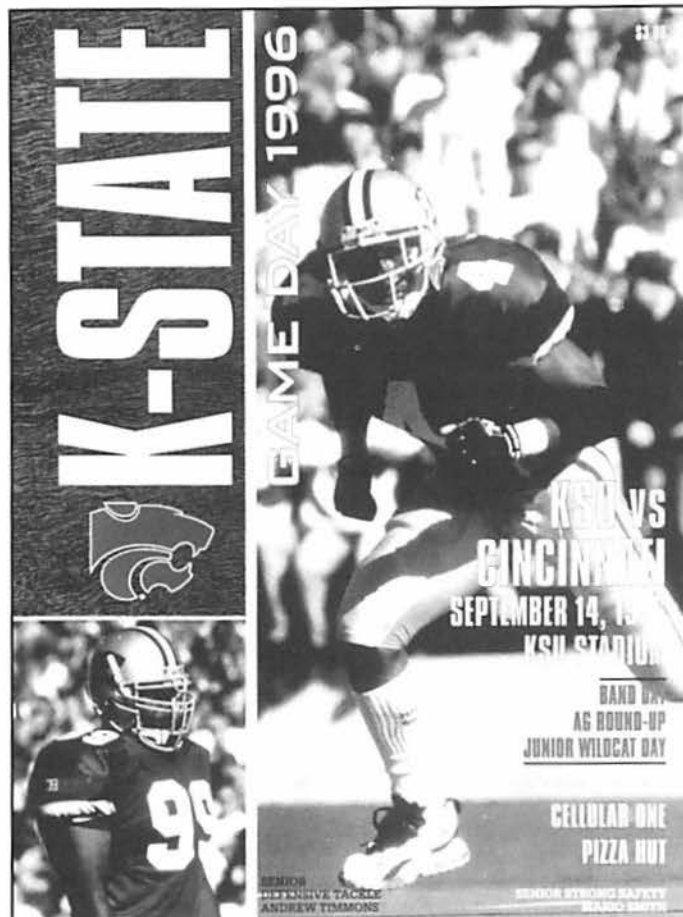

Senior defensive end Nyle Wiren posted four tackles for loss, including two more QB sacks.

## at Rice University

Sept. 21, 1996  
 Rice Stadium (19,700)  
 Houston, Texas  
 #16/14 Kansas State 34, Rice 7

After a three-game homestand to open the season, K-State made its first trip of the season to the Lone Star State to face Rice.

K-State allowed the Owls 165 yards rushing on the evening, but Rice quarterback Chad Nelson was held to 59 yards passing on nine completions. The 'Cats held Rice to just 224 yards of offense and one touchdown run by Nelson, the first rushing TD allowed by KSU in '96.

K-State shot out of the gates with a 23-yard strike from Brian Kavanagh to Jimmy Dean for a touchdown followed by a Marlon Charles 1-yard dive for the second score. With 10:12 seconds left in the first quarter, K-State was up 14-0.

K-State sputtered offensively for the next two quarters, but finished up strong after the Owls cut the lead to 14-7. Chris Canty returned the kickoff following Rice's only score for 70 yards to set up a KSU TD. The 'Cats got two more TD's from Dean on 15- and 7-yard Kavanagh tosses, and a final TD on a 9-yard pass from Kavanagh to Lockett.

K-State wound up with 352 yards of offense, Dean tied the school record with his three TD receptions, and Kavanagh tied the school record with four TD passes. Cornerback Chris Canty claimed Big 12 Defensive Player-of-the-Week honors with three tackles, one PBU, one INT (44-yard return), and kickoff return (70 yards) performance.

## University of Nebraska

Oct. 5, 1996

KSU Stadium/Wagner Field (43,915)

Manhattan, Kan.

#6/7 Nebraska 39, #16/12 Kansas State 3

The third-largest crowd in KSU history packed the stands for the much-anticipated match-up with Nebraska. However, the crowd was not enough to send the Huskers home with a loss as the K-State offense and special teams sputtered all afternoon.

The ABC regional telecast saw the K-State defense hold Nebraska to just 29 yards of offense in the first quarter and 154 yards in the first half. With the lack of K-State offense though, the Wildcat defense was on the field for 85 Husker snaps, and Nebraska slowly but surely wore down K-State.

The lone bright spot of the day for K-State came when freshman Jamie Rheem booted a 51-yard field goal for the 'Cats' only points in the contest.

Nebraska freshman running back DeAngelo Evans, a Wichita native, rushed for 168 yards and two TDs while picking up MVP honors from ABC. Husker quarterback Scott Frost was held to 79 yards through the air, but the Husker running attack was too much for the Wildcats.

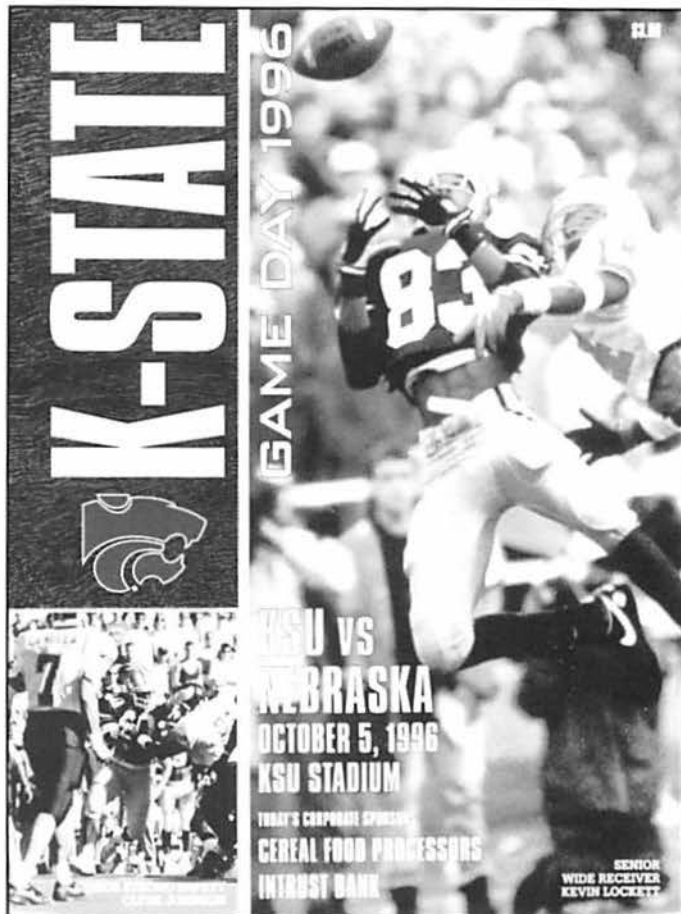

The K-State offense was held in check totalling only 61 yards passing and 25 yards on the ground. Nebraska also took advantage of quality field position all day as the K-State punting game was held to a 34.0 average on nine punts while having one blocked.

## at University of Missouri

Oct. 12, 1996  
 Faurot Field (45,211)  
 Columbia, Mo.

#22/21 Kansas State 35, Missouri 10

With pride hurt and egos bruised, K-State looked for redemption at Missouri's Faurot Field. However, the Tigers had a different idea in mind.

Missouri marched down the field on the opening drive of the game and capped off an 80-yard drive with a 3-yard pass from Kent Skornia to Jay Murchison. All thoughts of K-State running over the Tigers were squelched immediately.

On the heels of Mike Lawrence, the 'Cats returned the favor and took the lead, never to look back. Lawrence scampered in from seven yards, the first of his two touchdowns in a then-career-high 168-yard game. One minute and five seconds later, Chris Canty returned a punt 58 yards for the 'Cats' second score. After the explosive first quarter, Andre Anderson caught a 44-yard strike from Brian Kavanagh for the lone second-quarter score and a 21-7 halftime lead.

Lawrence and K-State opened the second half much like Missouri did in the first. The junior running back galloped in from 27 yards to cap off an eight-play, 80-yard drive.

The Tigers managed a 38-yard field goal to draw within 28-10, but that was as close as they would get. Senior Mario Smith hammered the final nail in the 'Tigers' coffin as he returned an interception 100 yards for a TD.

## at Texas A&M University

Oct. 19, 1996

Kyle Field (64,155)

College Station, Texas

#21/19 Kansas State 23, Texas A&M 20

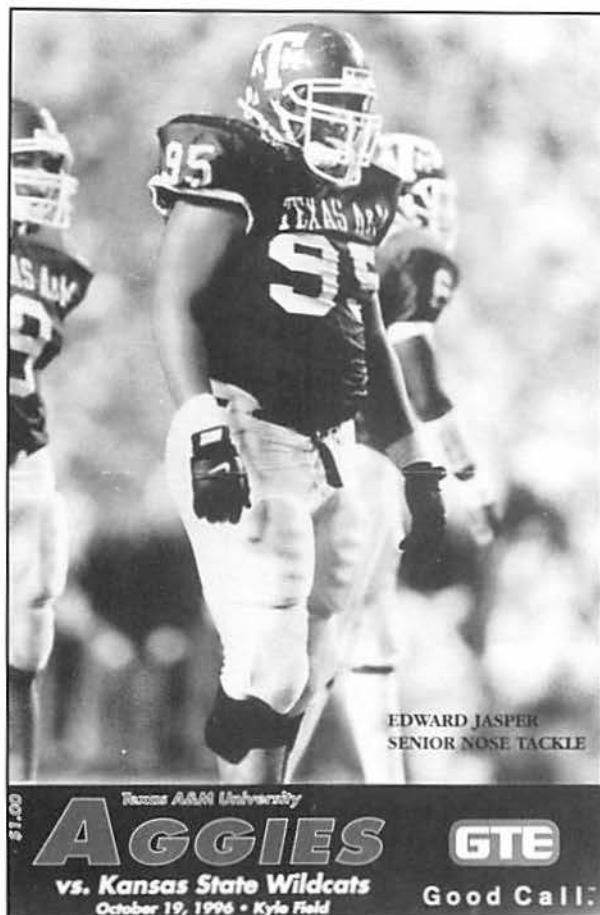

With its third road game in four contests, K-State headed into College Station facing more than just the Aggies. The famed 12th man, R.C. Slocum's home field winning percentage, and all of the other A&M traditions awaited the 'Cats on their first trip to Texas as part of the Big 12.

After an early Aggie field goal, K-State ran off three-straight touchdowns before the end of the first half. Mike Lawrence capped off a 15-play drive with a 4-yard TD run followed by a Brian Kavanagh 1-yard plunge for the second TD. Following Mario Smith's recovery of a Brandon Stewart fumble, Andre Anderson closed out the first-half scoring with a 10-yard TD reception from Kavanagh. K-State made a brilliant goal-line stand at the end of the first half to thwart an A&M touchdown.

A&M came out and scored early in the second half with a 1-yard run from D'Andre Hardeman. The 'Cats seemingly put the game out of reach after a 33-yard field goal from Jamie Rheem.

As expected, the Aggies began their charge with a Kyle Bryant field goal, followed by a 15-yard TD pass from Stewart to Albert Connell. A&M closed to within three and was marching with less than a minute remaining. Stewart completed a pass to Connell at the K-State 17, but Chris Canty stripped Connell of the ball and the Aggies of the win.

## University of Oklahoma

Oct. 26, 1996

KSU Stadium (43,815)

Manhattan, Kan.

#14/16 Kansas State 42, Oklahoma 35

The only thing on everyone's minds was the number four. K-State trying to win four games in a row over Oklahoma for the first time in history and the Sooners trying to put a stop to it.

With the wind at their backs, the 'Cats opened the contest with three first-quarter TDs. After a 28-7 halftime score, and a 42-14 score after three quarters, it didn't look like OU could do anything about killing the streak.

Taking advantage of the wind, Oklahoma back-up quarterback Eric Moore rallied the troops with three fourth-quarter touchdown strikes. OU pulled to within 42-35 with four minutes remaining.

All hopes of an upset were dashed, though, with 1:54 left to go. For the second-straight week, K-State All-American Chris Canty ended the game by creating a turnover. Canty stepped in front of an OU receiver to intercept an errant Moore pass to seal the K-State win.

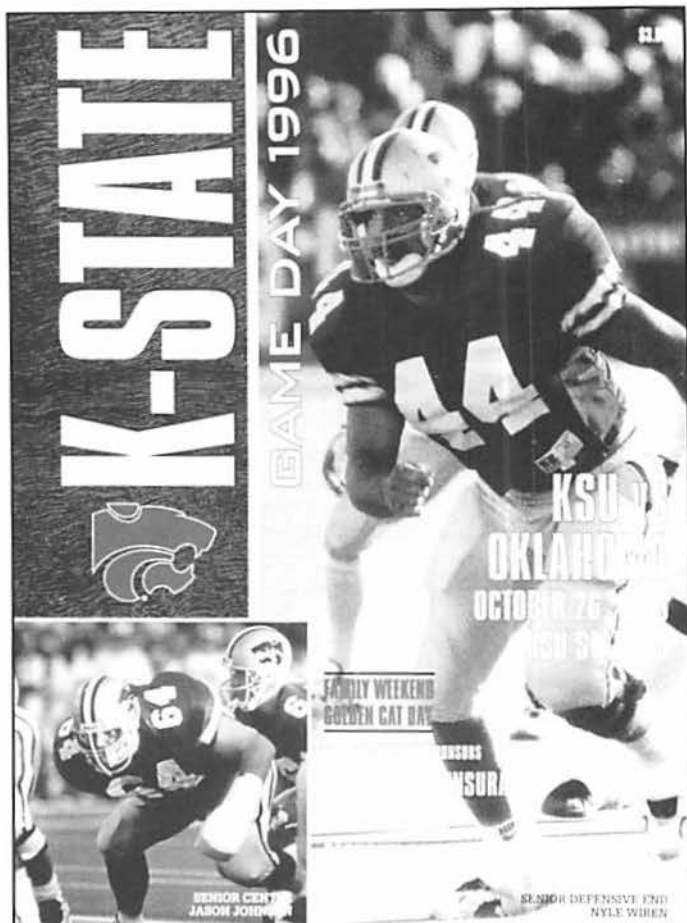

Kevin Lockett became K-State's career receptions leader with his first catch of the afternoon. The senior wide receiver also set career highs with 12 catches and 157 yards. KSU quarterback Brian Kavanagh completed 27-38 passes for 349 yards and four touchdowns.

#11/13 Kansas State 38, Kansas 12

**T**he final score of the Sunflower Showdown continued to show K-State's domination of the rivalry in the 90s, but you wouldn't have thought that after watching the first half.

The Jayhawks scored first with a 44-yard field goal from Jeff McCord. K-State responded quickly with fullback Brian Goolsby's first career reception for a TD, followed by sure-handed Kevin Lockett, who kept things rolling with an 8-yard TD pass from Brian Kavanagh.

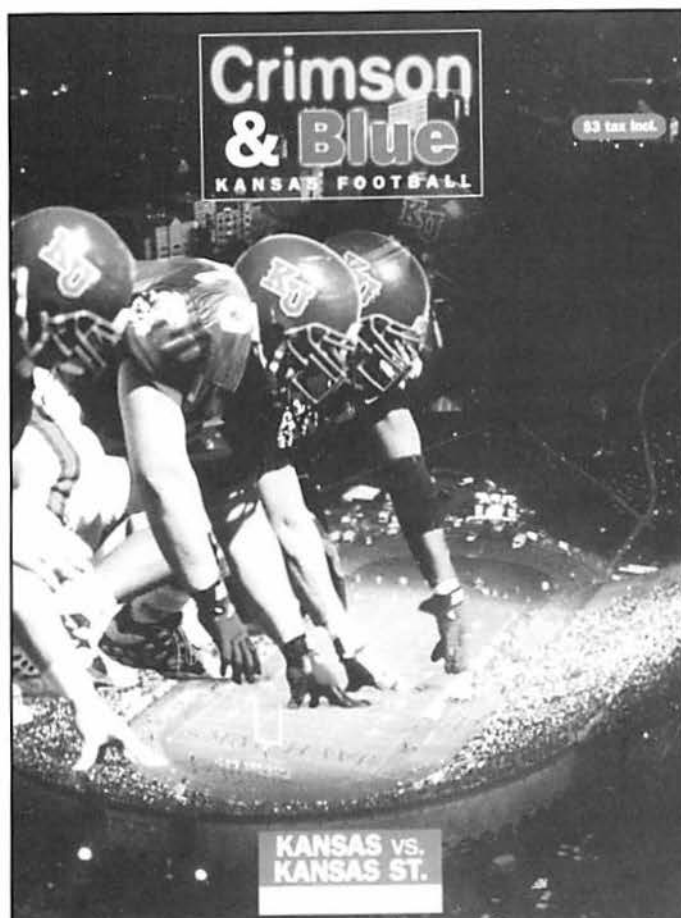

Following another field goal from McCord, KU quarterback Ben Rutz hooked up with Isaac Byrd for a 4-yard touchdown strike. The Jayhawks ran into halftime only down by two, 14-12.

The Byrd TD would turn out to be the only KU touchdown of the day and K-State would dominate the second half.

Kavanagh tossed two more TD passes in the second half and helped Lockett cap off a career day with a 27-yard touchdown reception. The senior finished with 11 receptions, 168 yards, and two TDs in his final clash with the Jayhawks.

Lockett and his fellow seniors won all four of their meetings against KU becoming the first class in K-State history to do so.

Defensive end Nyle Wiren earned Big 12 Defensive Player-of-the-Week honors after picking up two quarterback sacks among his nine tackles.

#6/6 Colorado 12, # 9/9 Kansas State 0

It was a game with endless scenarios. With a win over the sixth-ranked Buffaloes, K-State would have a shot at the Big 12 championship game, a rise in the polls and a chance to play in an alliance bowl. If the chips fell in the right places, who knows where the 'Cats would spend the New Year.

In front of a sellout crowd at Folsom Field the 'Cats' dreams of an alliance bid dwindled as Colorado blanked K-State, 12-0.

After K-State went three and out to open the contest, the 'Buffs' marched 63 yards in eight plays with 'Buff' running back Herchel Troutman galloping 27 yards to give Colorado its first touchdown. However, the PAT was missed and CU was up 6-0.

The lone score of the second quarter came following a Brian Kavanagh intercepted pass that was returned to the Kansas State 14-yard line. Koy Detmer scored the second Buffalo TD with a 1-yard plunge, but, the 2-point conversion failed to give CU a 12-0 lead.

The lone K-State scoring threat came in the third quarter during an 18-play drive that stalled at the CU 7-yard line when Kavanagh was sacked on fourth down.

Despite the gutsy effort from the 'Cats' defense, K-State was unable to produce any consistency on the offensive side of the ball. K-State attempted 40 passes in single-digit temperatures while using just 27 rushing attempts.

The lone bright spot for the Wildcats was wide receiver Kevin Lockett. The Biletnikoff Award semifinalist caught seven passes to become the most-prolific pass catcher in Big Eight Conference history.

## Vs. Iowa State University

Nov. 23, 1996

Manhattan, Kan.

#14/16 Kansas State 35, Iowa State 20

K-State victory over Iowa State assured the Wildcats their fourth straight nine-win season and a solid shot at its first New Year's Day Bowl. But all everybody was talking about coming in was Iowa State running back Troy Davis breaking the 2,000-yard mark for the second straight season. Everybody but Mike Lawrence.

Davis got his 2,000 yards, but Lawrence was the star of the day as he rushed for more yards in one game than anybody in K-State history. Lawrence ran for 252 yards and set career highs with three TDs and 38 carries.

It took only two offensive snaps for K-State to score as Lawrence galloped in from 28 yards. K-State's first nine plays had been to Lawrence when Kevin Lockett broke the streak by catching his 26th career TD.

Lawrence notched K-State's third TD of the day with a 2-yard run. Following a Troy Davis score, Jimmy Dean made an acrobatic catch in the end zone with :20 seconds left in the half to give the 'Cats a 28-10 lead heading into the break.

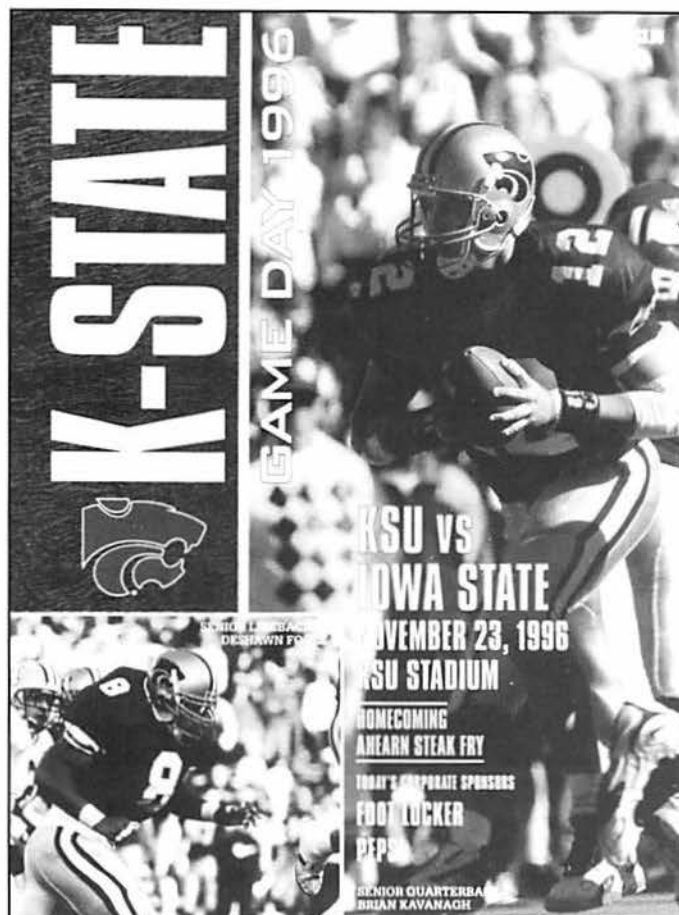

Iowa State attempted a comeback in the second half, but behind Lawrence's efforts, K-State was too much to handle. Lawrence capped the 'Cats' scoring with a fourth quarter 4-yard run. A late TD by Davis was not enough to bring the Cyclones back into it. Davis had his 2,000 yards, but Lawrence and K-State were headed to Dallas for the Cotton Bowl with a 9-2 record in the inaugural Big 12 season.

**1997 Southwestern Bell  
Cotton Bowl  
vs. Brigham Young University**  
Jan. 1, 1997 // Cotton Bowl (71,928)  
Dallas, Texas  
#5 Brigham Young 19, #14 Kansas State 15

An estimated 45,000 Kansas State fans descended on Dallas to watch the Wildcats in their first-ever New Year's Day Bowl, and were witness to one of the most exciting games of the 1996-97 Bowl season.

After taking a 15-5 lead following a 72-yard touchdown pass from Brian Kavanagh to Kevin Lockett, the Wildcats saw why Brigham Young quarterback Steve Sarkisian was considered one of the nation's best. The Cougar QB tossed two fourth-quarter touchdowns to lead No. 5 BYU to a 19-15 Southwestern Bell Cotton Bowl victory.

Following Sarkisian's 28-yard scoring strike to Kealaluhi with 3:39 remaining, Kavanagh and Lockett led the Wildcats to a first down at the BYU 12-yard line with around one minute remaining. But, to the disappointment of K-State fans, Kavanagh's pass to Jimmy Dean was picked off at the 3-yard line by Omarr Morgan to preserve Brigham Young's 14th win of the season.

The game's first score came when Cotton Bowl Defensive MVP Shay Muirbrook tackled Kavanagh in the end zone for a safety in the first quarter. After the free kick, BYU scored again on an Ethan Pochman 39-yard field goal.

Then K-State had a hard time getting untracked until the final seconds of the first half.

Taking over following a punt at the KSU 44-yard line with 29 seconds remaining in the half, Kavanagh completed two passes to give the Wildcats the ball at the BYU 41-yard line with six seconds on the clock.

On the final play of the half, Kavanagh heaved a Hail Mary into the end zone, where, after the ball was deflected by a BYU defender, K-State junior Andre Anderson scooped the ball in for a touchdown. Following the PAT that gave K-State a 7-5 lead, a penalty on BYU forced the teams to return from the locker room so that the Wildcats could try for two points. Mike Lawrence made it pay off by scoring around right end to give KSU an 8-5 lead heading into halftime.

K-State scored its second TD of the game when Kevin Lockett bounced off tacklers following a reception on a short slant pattern and raced 72 yards down the left sideline.

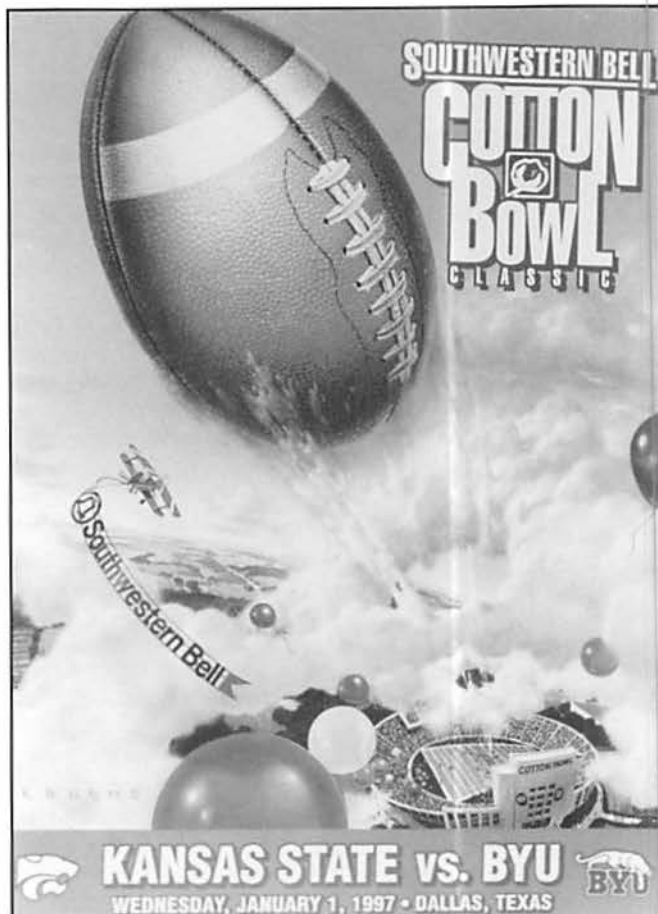

BYU answered in the fourth quarter behind the two TD passes by Sarkisian to give the Cougars a final 14-1 record and dropping the Wildcats to 9-3 on the season.

Sarkisian and Lockett shared the game's offensive MVP honors, while Muirbrook was named defensive MVP.

## WILDCATS IN THE SUPER BOWL

Five K-Staters have made subsequent appearances in the National Football League's Super Bowl.

**Super Bowl V:** Offensive lineman Lynn Larson was playing for Baltimore when the Colts defeated the Dallas Cowboys, 16-13, at Miami's Orange Bowl. Rookie Ken O'Brien kicked a 32-yard field goal in the waning seconds to secure the win. Larson, who played for the 'Cats in 1968-69, played in the All-America Bowl, the College All-Star Game, the North-South Shrine Bowl and the Senior Bowl following his senior season. After his stint in the NFL, he played for the British Columbia Lions of the Canadian Football League in '72.

Percell Gaskins will be in his second season with the St. Louis Rams in 1997.

**Super Bowl VII:** Running back Larry Brown, coming off an outstanding season, was on the Washington Redskins team that lost to the Miami Dolphins, 14-7, on Jan. 14, 1973, at the Los Angeles Coliseum. The win capped Miami's famed 17-0 season. Brown led the NFC in rushing that season with 1,125 yards and was named the Player-of-the-Year in the National Football League by the Associated Press. He again topped conference rushers in 1972 when he picked up 1,251 yards. Brown was a Wildcat in 1968-69.

Larry Brown

**Super Bowl XX:** Quarterback Steve Grogan played on the New England Patriots team that bowed to the powerful Chicago Bears, 46-10, at the Louisiana Super Dome in New Orleans. Grogan holds numerous Patriot records and has been honored for his humanitarian service in the Boston area. He lettered at Kansas State from 1972-74 and still ranks seventh for total offense in a season (1,546 yards in '73), fifth in career passing (2,213 yards), and fourth in career total offense (2,798 yards). In 1973 and '74, Grogan was afforded all-conference academic honors. Following his graduation, he played in the Blue-Gray Game and the All-America Bowl. He hails from Ottawa, Kan., and the high school football stadium in that community is named after him. In 1987, Kansas State retired jersey number 11 in honor of Grogan and Lynn Diekey, both of whom wore the number in their years at the school. Grogan was inducted into the K-State Hall of Fame in 1995.

**Super Bowl XXI:** Damian Johnson, an offensive lineman, played for the New York Giants team that defeated Denver, 39-20, on Jan. 25, 1987, at the Rose Bowl in Pasadena, Calif. Johnson lettered four times in his Kansas State career (1981-84) and played on the 1982 team that went to the Independence Bowl versus Wisconsin. He was named the most outstanding player on KSU's 1983 squad and also earned second-team All-Big Eight status by both wire services that season. He joined the Wildcat starting lineup five games into his freshman season and was never unseated. His string of consecutive starts reached 37 before he graduated. Johnson hails from Great Bend, Kan.

**Super Bowl XXIX:** The San Francisco 49ers became the first NFL franchise to win five Super Bowls with a 49-26 win over San Diego at Joe Robbie Stadium. But rookie WR Andre Coleman shared the national spotlight for the Chargers by setting four Super Bowl records, including a 98-yard kickoff return for a touchdown. Coleman finished with eight kickoff returns for 242 yards (both Super Bowl records) to cap a brilliant year that earned him All-Rookie honors. Coleman earned third-team All-America honors from AP following his senior season at K-State and was MVP of the Wildcats' 1993 Copper Bowl win.

### DICKEY, GROGAN HAVE NUMBER RETIRED

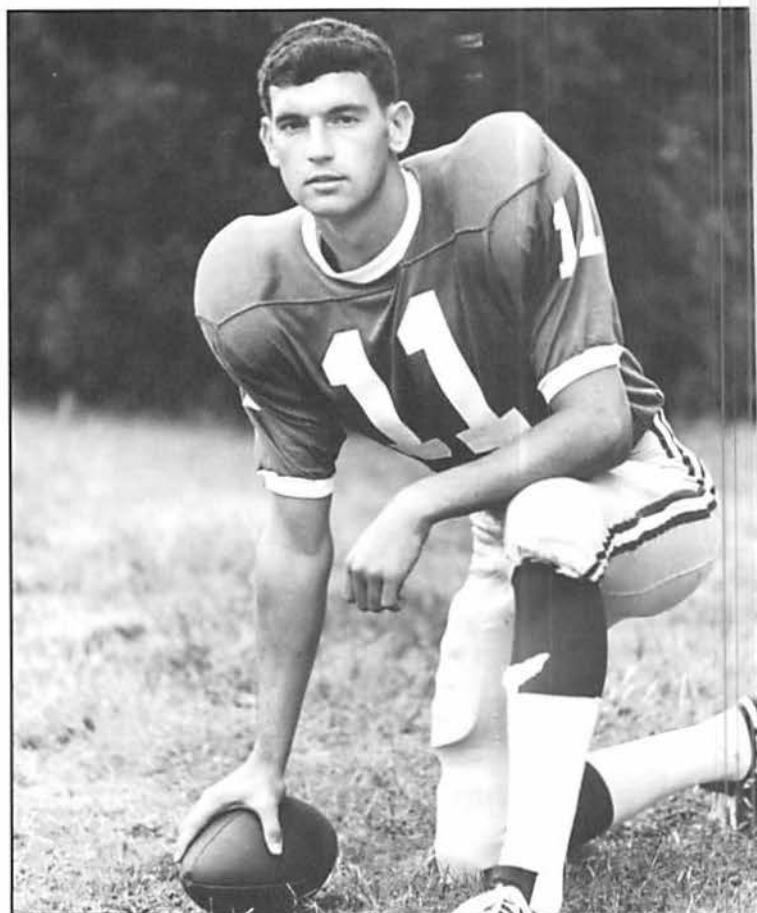

Jersey number 11 has been retired by the Wildcats in honor of Lynn Dickey and Steve Grogan, who each donned that number while quarterbacking the Wildcats during some of the school's most successful football seasons. It is the only time in school history that a number has been retired in any sport.

#### LYNN DICKEY

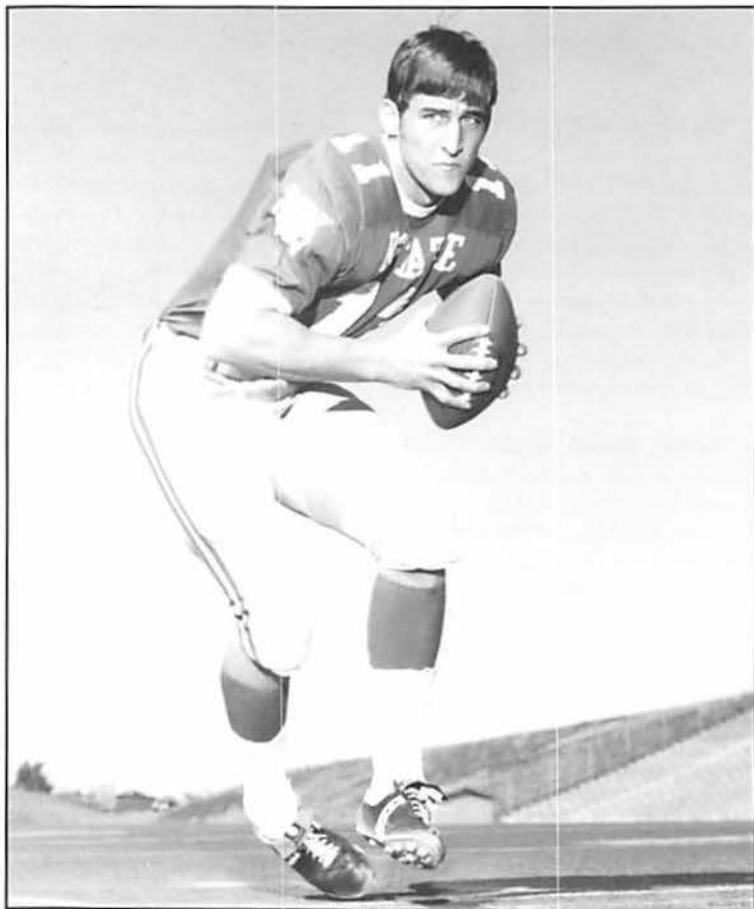

A native of Osawatimie, Kan., Dickey spent most of his NFL career with the Green Bay Packers but also played several seasons with the Houston Oilers. He threw for more than 19,000 yards with the Packers, including 4,458 yards in 1983 which at the time ranked second in NFL history. He still holds numerous K-State passing records, and ranks third on the Big Eight's all-time list with 6,208 career passing yards. He is also K-State's all-time leader in total offense.

#### STEVE GROGAN

Grogan retired from the NFL following the 1991 season after an illustrious career with the New England Patriots. Grogan holds nearly every New England career passing record, including yards (26,886) and touchdowns (182). He joined the team as a rookie in 1975 and led the franchise to its first Super Bowl appearance in 1986. A native of Ottawa, Kan., Grogan still stands sixth on K-State's career list for total offense and eighth in passing yards.

Lynn Dickey (11) was voted as the starting quarterback on the *Associated Press* All-Time Big Eight Football Team.

Steve Grogan (11) stands among the career leaders on several K-State passing charts following a stellar career in Manhattan from 1972-74.

## BACHMAN, WALDORF IN NATIONAL FOOTBALL FOUNDATION HALL OF FAME

Charles Bachman, who coached the K-State football team from 1920-27, was inducted into the National Football Foundation Hall of Fame, located in New York City, on Jan. 8, 1978.

Bachman began his coaching career at Great Lakes Naval Station in 1918 and led that team to the 1918 Rose Bowl title and the national championship. He moved to Northwestern University in 1919 before joining the Wildcats in 1920.

Following his departure from K-State, Bachman coached the Florida Gators from 1928 to 1932. He moved to Michigan State in 1933, where he coached the Spartans until 1946. He completed his coaching career at Hillsdale College in Michigan in 1953.

Bachman's eight-year won-loss record at K-State was 33-23-9. Coaching a team that played primarily eight-game seasons, Bachman's teams won five games in four different seasons. Bachman's squads went 5-3-0 in 1921 and 1926. In '25 K-State was 5-2-1, and in 1922 went 5-1-2. Bachman's 1922 K-State team, captained by Ray Hahn, outscored its opponents 154-61.

Bachman was enshrined into the K-State Sports Hall of Fame on Oct. 27, 1995.

Lynn O. "Pappy" Waldorf coached K-State to its lone football championship in 1934 while posting a 7-2-1 record in the Big Six Conference with wins over Oklahoma, Nebraska and Kansas. He was elected into the National Football Foundation Hall of Fame in 1966.

Waldorf was regarded as one of the giants in college football coaching, earning his greatest accolades during his 10-year coaching career at California. He led the Bears to a 67-32-4 record from 1947-56, including three-consecutive Rose Bowl appearances following the 1948, 1949 and 1950 seasons. Between 1947 and 1951, his teams played 38-consecutive regular-season games without a defeat.

A graduate of Syracuse, his coaching career included stops at Oklahoma City University (13-5-3, 1926-27), as assistant at Kansas in 1928, at Oklahoma A&M (34-10-7, 1929-33), Kansas State (7-2-1, 1934), Northwestern (49-45-7, 1935-46) and California (67-32-4, 1947-56). The final 20 seasons of his football career were spent as player personnel director of the San Francisco 49ers. Waldorf passed away Aug. 15, 1981.

# Inaugural Big 12 Conference Game

## 1982 Independence Bowl

**Wisconsin 14, K-State 3**

**Dec. 11, 1982**

**Independence Stadium, Shreveport, La.**

**S**HREVEPORT, La.--Badger quarterback Randy Wright tossed two touchdown passes as Wisconsin overcame an early deficit to take a hard-earned 14-3 victory over Kansas State in the Seventh Annual Independence Bowl.

The game, played in cold and wet conditions before an announced crowd of 49,523, marked the first-ever Bowl appearance by Kansas State in its then 87-year grid history. A 23-miles-per-hour wind dropped temperatures to 10 below zero and kept many fans away.

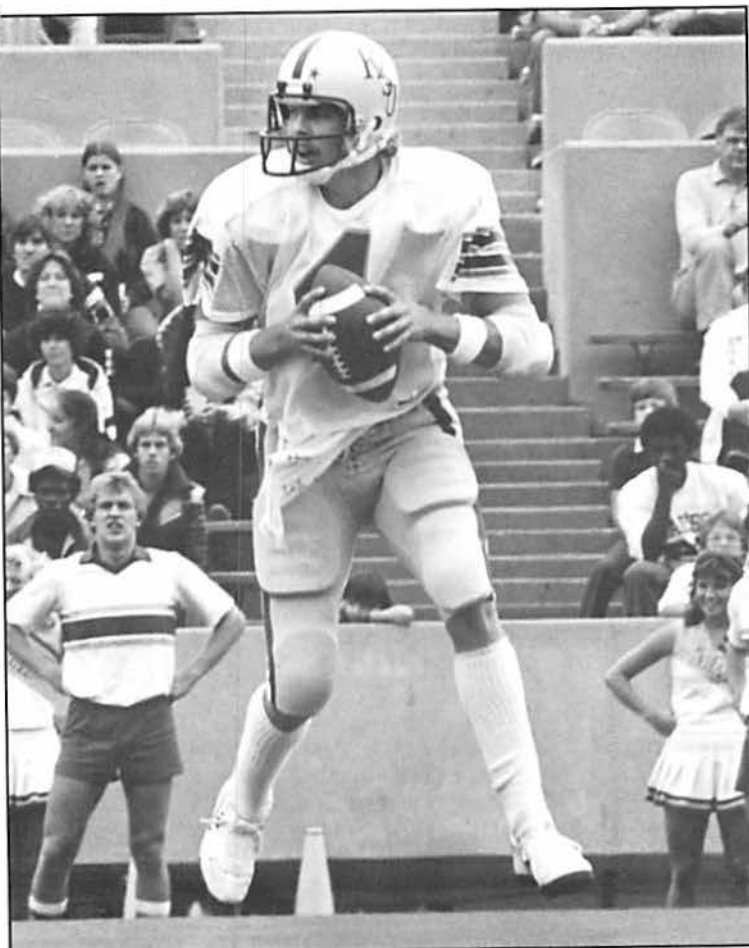

After a scoreless first quarter, K-State took the game's first lead with :10 left in the second period when Steve Willis booted a 29-yard field goal after defensive end Bob Daniels had recovered a fumble at the Badger 18-yard line.

The KSU lead was short-lived. On Wisconsin's ensuing drive following the field goal, the Badgers marched 79 yards in eight plays scoring a touchdown on a 16-yard pass from Wright to Michael Jones to give Wisconsin a 7-3 halftime lead.

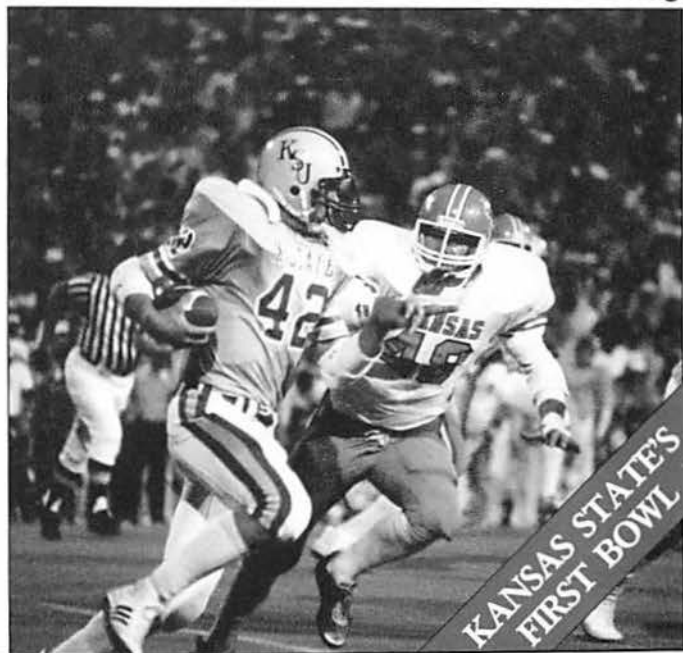

Wisconsin struck early midway through the third quarter when game offensive MVP Wright connected with Tim Stracka on an 87-yard touchdown pass for a 14-3 Badger advantage.

K-State drove deep into Wisconsin territory on its next two possessions but could not score. One opportunity ended when a Wildcat pass was intercepted in the Badger end zone while the other was stymied at the Wisconsin 26-yard line when KSU could not convert on fourth down.

Darrell Ray Dickey completed just 13 of 35 passes for 127 yards and one interception on the day for 1982 Big Eight Coach-of-the-Year Jim Dickey's squad.

# 1993 Copper Bowl

**K-State 52, Wyoming 17**

**Dec. 29, 1993**

**War Memorial Stadium, Tucson, Ariz.**

USCON, Ariz.--It's probable that not even Bill Snyder could have scripted the events of Dec. 29, 1993, any better as K-State put the finishing touches on one of its finest football seasons in school history with a breathtaking 52-17 total domination of Wyoming in front of some 20,000 purple-clad Wildcat faithful at Arizona Stadium and a nationwide television audience.

Although there are plenty of chapters still to be written, one can't find much skepticism with the fact that it was the greatest night in Kansas State football history.

Perhaps K-State Athletics Director Max Urick set the tone for the day with an inspirational speech at the Copper Bowl Kickoff Luncheon earlier that afternoon. "As the sun begins to set on Tucson tonight," Urick said, "you're going to see a purple haze on the horizon. Because they're coming and they're coming by the thousands."

An estimated 20,000 Wildcat fans made up almost half of the 49,075 fans who helped set a Copper Bowl attendance record. With the East side of Arizona Stadium bulging at the seams with purple, the Wildcats proceeded to manhandle the Western Athletic Conference tri-champions in a game that showcased the K-State program like never before.

Wyoming took a quick 3-0 lead on a 35-yard field goal, but the rest as they say, is history. K-State put its high-powered offense into overdrive on this night and came out with all guns blazing to score on its first three possessions. RB J.J. Smith put K-State on the board with a two-yard TD run as the Wildcats drove 68 yards in just six plays to take a 6-3 lead. Tate Wright added a 22-yard field goal and on its third possession, K-State drove 76 yards in only eight plays to take a 16-3 lead on Chad

May's two-yard TD plunge.

In the first quarter alone, K-State rolled up 134 yards of total offense, including 90 yards on nine carries by Smith. Wyoming cut the lead to 16-10 near the end of the second quarter until two huge plays sandwiched around halftime ignited the rout.

With 1:07 left in the first half, Wyoming punted deep in its own territory. Second-Team All-American Andre Coleman fielded the ball at his own 32, sidestepped two defenders and then raced untouched 68 yards down the far sideline for a touchdown to put K-State ahead 24-10 at the half.

"I stutter-stepped, and then just tried to out run people to the corner," Coleman said. "All I saw were white jerseys and the punter. Jaime Mendez took care of him and the rest was easy."

Coleman and company began the second half right where it left off and quickly broke the Cowboys' spirit with a dazzling 61-yard touchdown pass from May to Coleman just 54 seconds into the third quarter. May rolled right on the play and threw the ball some 40 yards across his body toward the center of the field as he fell out of bounds. Coleman came back for the reception near midfield and then twirled around and outraced the entire Wyoming defense to the goal line.

Freshman All-American Kevin Lockett then put K-State ahead 38-10 midway through the third quarter with a leaping two-handed 30-yard touchdown reception as he fell over backwards into the end zone. Reserve running back Leon Edwards later added a 13-yard touchdown run and cornerback Kenny McEntyre added the game's crowning moment with a 37-yard interception return for a touchdown with just over six minutes left in the game.

The final numbers were staggering. K-State's offense was a purple juggernaut, rolling up 502 yards and averaging 7.5 yards per play. May springboarded his 1994 All-America campaign by completing 19-of-28 passes for 275 yards and two touchdowns, which included eight completions to the speedy Coleman who amassed 283 all-purpose yards (144 receiving, seven rushing, 73 on punt returns and 59 on kickoff returns)

**K-State kicks off against Wyoming in the 1993 Copper Bowl**

to earn offensive MVP honors. On the ground, J.J. Smith shattered the Copper Bowl record with 133 yards and one touchdown on 20 carries.

But this was far from just an offensive story. The game had been billed in Tucson as a "100-point shootout." Well, K-State held up its end of the bargain, but Wyoming's highly touted offense was overmatched by speed at almost every position.

Most notably, K-State held All-American Ryan Yarborough, the leading receiver in NCAA history, to just eight receptions for 72 yards.

"There secondary is right up there with the best I've seen," Yarborough said.

"Our hats off to Kansas State," added head coach Joe Tiller. "We ran into a buzz saw with great speed...their speed was too much for us to handle."

## 1994 Aloha Bowl

**Boston College 12, K-State 7**

**Dec. 25, 1994**

**Aloha Stadium, Honolulu, Hawaii**

HONOLULU, Hawaii--Kansas State played Boston College to a defensive standoff much of the afternoon at Aloha Stadium, but the Wildcat offense never got on track and fell 12-7 in the 1994 Aloha Bowl.

The Eagles sacked K-State quarterback Chad May eight times, including a four-hit effort by end Mike Mamula, who was named the game's most valuable player.

Couple that with a ground game that gained just 30 yards from its running backs and K-State netted just 124 altogether in finishing 9-3.

The Eagles couldn't distance themselves from the Wildcats despite a 51-yard bolt by David Green on the second play of the game. That carry led to an early 7-0 cushion for the Eagles but would be the only touchdown they'd score.

"For the most part, I thought our defense played well," Bill Snyder said. "I didn't like that early play of the ballgame because it put them in position to score a quick touchdown, but otherwise I felt our defense played fairly well."

K-State's lone score came with eight seconds left in the first quarter when Joe Gordon crashed the middle of BC's line and blocked a punt by Jeff Beckley. Chris Sublette recovered the ball on the first hop in the end zone and the game was tied 7-7.

However, BC would answer with its own end zone patrol later in the half when Mamula applied the biggest of his hits on May for a safety with 2:37 left.

The 'Cats reached the BC 19 on its ensuing drive, but Eric Shorter intercepted a dropped pass in the flat on third-and-15 with 19 seconds left in the half.

Still, a defense that featured punter Eric Hardy, Gordon and a pair of 10-tackle performances from Chuck Marlowe and Mario Smith kept the 'Cats within striking distance until the end.

BC (7-4-1) could only tack on a 35-yard field goal by David Gordon in the second half, and that came with 1:18 remaining.

That left K-State with one final shot. After barely converting a first down with a 21-yard strike to Mitch Running, May found Ron Brown

May heaved the ball into the end zone on the game's final play, but the ball was knocked away from Running at the last moment to preserve the win for Boston College.

### JOE GORDON NAMED MVP

Lost in the shuffle of K-State's 12-7 setback to Boston College, was a brilliant performance by sophomore cornerback Joe Gordon, who was chosen Kansas State's Most Valuable Player.

After earning first-team all-Big Eight honors during the regular season, Gordon had an outstanding postseason with a blocked punt, interception, three tackles and two pass deflections to key the Wildcat defense.

Gordon set up K-State's only score of the day late in the first quarter when he burst through the line to block a punt, which was recovered by Chris Sublette for a K-State touchdown.

## 1995 Holiday Bowl

**K-State 54, Colorado State 21**

**Dec. 29, 1995**

**Jack Murphy Stadium, San Diego, Calif.**

**S**AN DIEGO, Calif. -- For the second time in three years, Kansas State ran roughshod over the Western Athletic Conference's best as the Wildcats outran, outplayed and outscored Colorado State for a 54-21 win in front of more than 51,000 fans at the 1995 Plymouth Holiday Bowl at Jack Murphy Stadium.

K-State began the scoring on an Erick Hickson 4-yard run with 11:21 left in the first quarter. After CSU responded with a touchdown to knot the score at 7-7, it was all Kansas State.

The Wildcats outscored the Rams, 19-0, in the second quarter by virtue of an interception return by Mario Smith and a blocked punt. Brian Kavanagh, who would earn the game's Offensive MVP award, came in for the injured Matt Miller in the second quarter and immediately put the ball in the end zone.

Kavanagh completed 18-24 passes for 242 yards and a Holiday Bowl-record tying four touchdowns. The junior signal-caller tossed scoring strikes to Brian Lojka, Tyson Schwieger, Kevin Lockett and Mitch Running.

Including Miller's statistics before he was hurt, the Wildcat quarterbacks combined to complete 24-32 passes for 324 yards and four touchdowns.

On the defensive side of the ball, safety Mario Smith earned MVP honors by picking off two passes, registering two passes-broken-up, making four tackles, and generally creating havoc among the Ram receivers.

The nation's top-ranked defense held the potent CSU offense to 301 yards, while forcing four turnovers.

Individually, Erick Hickson ran for 103 yards and a touchdown on 20 carries, while catching six passes. Running caught six passes for 126 yards and a TD. Freshman punter James Garcia averaged 45.0 yards on three punts.

Free safety Mario Smith holds his trophy for being named "Defensive Player-of-the-Game" at the 1995 Plymouth Holiday Bowl.

Kansas State enjoyed a "Home Crowd" atmosphere in Dallas as 45,000 K-State fans packed the Cotton Bowl to watch the Wildcats in their first-ever New Year's Day Bowl game.

**Kansas State University**

**This is Kansas State**

K-State's Anderson Hall

**Four Consecutive Bowl Appearances and Nine-Win Seasons**

**I**t's a vibrant time at Kansas State. The most easily recognizable part of this new period of growth and improvement comes in the form of enrollment figures. More than 20,000 students enrolled at Kansas State during the 1996-97 academic year. That's a stunning accomplishment for President Dr. Jon Wefald and his staff, who have spearheaded an enrollment increase of nearly 6,000 since their arrival in 1986.

Academic achievement at the institution is drawing national acclaim as well. K-State ranks first in the nation among public universities in number of Goldwater Scholars produced and is tied for first in the nation among state universities in the number of Truman Scholars. Over the past decade, K-State's total of 59 Rhodes, Marshall, Truman and Goldwater scholars ranks first in the nation among state universities.

The K-State debate team has won the national championship twice since 1991 and the 1991 team scored more points than any squad in Cross Examination Debate Association history. K-Staters have also captured national titles in competitions ranging from yearbook design to livestock judging.

K-State's student senate has been named the nation's best large-college student government. Its honor societies, fraternities and sororities have snared best-chapter awards. K-State students also have been profiled in publications ranging from scientific journals to *MacWeek*.

Kansas State University offers more than 200 academic programs through its nine colleges (engineering, education, technology and aviation, human ecology, agriculture, architecture, planning, and design, veterinary medicine, arts and sciences and business administration). The graduate school offers 61 masters and 44 doctoral programs.

Dean Zollman, a K-State physics professor, was named the 1996 Professor of the Year for research/doctoral universities by the Carnegie Foundation for the Advancement of Teaching.

Founded on February 16, 1863, Kansas State is the oldest public institution of higher education in Kansas and one of the nation's first land-grant universities.

Throughout its history, K-State's mission has been rooted in the principles set forth in the Morrill Act--to provide teaching, research and service to the citizens of Kansas, the nation and the world.

The university's 668-acre wooded campus with historic sandstone buildings is located in Manhattan (pop. 37,712). It's a pleasant community nestled in the scenic Flint Hills 125 miles west of Kansas City. The University's College of Technology and Aviation housed on the Salina campus, offers bachelor's and associate degrees in aeronautical and engineering technologies.

Commuter air service in and out of Manhattan Regional Airport connects the city with major airports all over the Midwest. Five miles north of the campus lies Tuttle Creek Reservoir, a favorite outlet of students for boating,

## About Kansas State University

### Quality

The North Central Association's accreditation report, the equivalent of a grade card for colleges, gave a review so glowing it could have been an A+. The report praised K-State's "remarkable spirit" and "noteworthy" scholarship record.

### Students

About 20,000. More than 1,000 graduated first or second in their high school classes. That's more valedictorians and salutatorians than any other Kansas college.

### Professors

Our professors will teach you a thing or two. Four of the past six Kansas Professors of the Year have been K-State instructors.

### Degrees

Good luck deciding! K-State offers more than 200 majors and options, graduate study in veterinary medicine and 62 master's and 42 doctoral programs. K-Staters have completed internships with everyone from Disney World to David Letterman.

### Awards

Our students win big. The debate team has swept the national championships in two of the past six years. K-Staters have also captured national titles in competitions ranging from acting to yearbook design.

### Activities

Get busy! Campus organizations range from student government to the rowing team.

### Financial aid

You'll still be able to afford an occasional pizza! More than \$60 million in scholarships, grants, loans, and work study is distributed each year.

### Sports

You'll love the excitement of Division I sports -- whether you're on the court or on the sidelines. Men compete in basketball, football, track, baseball, cross country and golf. Women compete in basketball, volleyball, cross country, golf, track, rowing and tennis. Club sports range from rugby to rodeo.

### Campus housing

Choose from nine residence halls, 11 national sororities, 25 national fraternities, three scholarship houses or university apartments.

### Manhattan

Manhattan is noticeably smaller than its New York namesake. But this "Little Apple," founded by accident after a steamboat ran aground on the Kansas river, has grown into a great college town. The numbers tell the story:

- 38,000 residents
- 21 parks
- 14 movie screens
- 65 shops in the Manhattan Town Center Mall
- 1 zoo
- 5-minute drive to Tuttle Creek Reservoir, one of the largest man-made lakes in the Midwest
- 5-minute walk to the bookstores, music shops and restaurants of Aggieville

sailing, water skiing, swimming and fishing.

A range of entertainment is available through the university, too. Everything from rock concerts to the nationally recognized Landon Lecture Series is available.

Athletically, K-State competes in 15 intercollegiate sports as a Division I member of the National Collegiate Athletic Association (NCAA) and is a member of the prestigious Big 12 Conference, which begins its second year of existence in 1997-98.

K-State awards full and partial grants-in-aid to deserving athletes. Other types of aid are available to qualifying students.

Holton Hall

**S**ince taking the helm as K-State's 12th president in 1986, Jon Wefald has worked with students, faculty, staff, alumni and friends to move the university forward on every front.

Through strategic planning activities designed to maximize limited resources, the university has been able to set new standards of academic achievements, reach record enrollments, construct needed facilities, double its funding awards for research, and restructure athletics to ensure the competitiveness of the men's and women's programs within the Big 12 and nationally for years to come.

A highlight of the successes realized under Wefald's administration is the \$28 million construction and renovation project for Farrell Library which is currently under construction and the construction of a new KSU Art Museum. From 1987 to 1997, K-State added more than one million square feet of new buildings.

In the academic arena during the past 13 years, K-State has produced 59 Rhodes, Marshall, Goldwater and Truman scholars, more than any other public university in America.

Wefald's leadership abilities have been recognized on numerous occasions. He has represented the Big Eight Conference on the NCAA Presidents' Commission and served as Chair of the Association of Big Eight Universities for two years. In recognition of his contributions on the local level, the Manhattan Chamber of Commerce selected Wefald for the Lud Fiser Citizenship of the Year Award for 1991.

A native of Minneapolis, Wefald earned his BA from Pacific Lutheran (1959), MA in history and political science from Washington State University (1961) and doctorate in history from the University of Michigan (1965).

Prior to joining K-State, he served as Chancellor of the State University System in Minnesota from 1982-86, a system made up of seven state universities. He was president of Southwest State in Marshall, Minn., from 1977-82; Minnesota's Commissioner of Agriculture, 1971-77; and a member of the faculty at Gustavus Adolphus, 1965-70. His love for teaching caused him to return to the classroom to teach a history course at K-State in the Fall of 1991.

The author of a book entitled "A Voice of Protest: Norwegians in American Politics, 1890-1917," Wefald has written numerous articles and book reviews. The honors he has received include the Presidential Alumnus Award from Washington State University, and the Governor's Award for Outstanding Service to Minnesota. He has appeared on ABC-TV's "Nightline" and was interviewed by national television networks on six occasions.

Born Nov. 24, 1937, Wefald is married to the former Ruth Ann Joynt. They have two sons, Skipp, a graduate of K-State, and Andy, a spring 1994 graduate from Iowa State and a December 1996 MBA graduate from K-State. Mrs. Wefald earned her BA and MA degrees in history at the University of Michigan. She was on the faculty at Mankato State University and worked in the Minnesota Office of Economic Security.

**DR. JON WEFALD**  
President

**B**ob Krause has played a key role in the development of both the university and the athletics department since his appointment as K-State's Vice President For Institutional Advancement in September of 1986.

Krause is the chief spokesperson and student affairs officer for Kansas State University and also oversees many of the day-to-day operations of the athletics department. He also coordinates the University's on-going activities with the KSU Foundation, the KSU Alumni Association and works with various external groups such as the Board of Regents and other governmental agencies.

Since his arrival at K-State, Krause has focused attention on ways to improve the attraction and retention of students; means by which the University can better assist Manhattan and the State of Kansas in the area of economic development through cooperative endeavors with local and state agencies; and ways to expand public awareness regarding the value society receives from the teaching, research and service provided by K-State faculty.

Along with the efforts of President, Dr. Jon Wefald, Krause has helped K-State realize steady enrollment increases to a school-record total of 21,137 in the 1990-91 academic year.

Krause came to K-State from the Minnesota State University System, where he had served as Director of Student Affairs from 1983 to 1986. In that role, he coordinated system-wide policy and program development for seven state universities enrolling some 51,000 students. From 1975 to 1983, he had served as Vice President for Student Affairs at Southwest State University in Minnesota.

He has presented numerous papers on the future of post-secondary education and is a member of the Kappa Pi honorary art society, Omicron Nu honorary society, Alpha Tau Omega social fraternity, Blue Key national honorary society, and the Kappa Delta Pi and Phi Delta Kappa honorary education societies.

Born Sept. 12, 1945, Krause received his master's in College Student Personnel Work from Michigan State University in 1968, and his bachelor's degree in art education and art from Western Illinois University in 1967. He is married to Dr. Marty Vanier. He has three daughters -- Katie, a graduate of K-State, Kirsten, a senior at K-State and Kathy, a sophomore at the University of Wisconsin-Madison.

**BOB KRAUSE**  
Vice President  
For Institutional  
Advancement

Max Uriek was named Director of Athletics on June 28, 1993, and has given K-State dynamic leadership and a new focus for success as the Wildcat athletic department heads toward the 21st century.

Since his arrival, Uriek has been a key player in the development of the Big 12 Conference and its ongoing transition. In doing so, he has solidified K-State's athletic future in perhaps the premier athletic conference in college sports.

Under Uriek's guidance, the athletic department has also made positive strides toward stabilizing its financial situation while continuing the exciting growth period for athletic facilities at K-State. Uriek has also been a driving force on the gender equity issues at K-State by implementing several plans to enhance and increase women's opportunities at K-State.

"Max Uriek has the experience and expertise to be an outstanding athletics director at Kansas State University," said K-State President Jon Wefald upon Uriek's hire. "He understands the Big 8 Conference and is well known across the country as an administrator who brings leadership, dedication, integrity and a personable style to this position."

"Kansas State never ceases to amaze me and I take pride in the numerous accomplishments that have taken place in the last several years," Uriek said.

"Every corner of this dynamic University is pulling together. From academics to athletics, K-State continues to distinguish itself at the

highest level."

Uriek came to K-State after spending 19 years at Iowa State, including 10 as the Cyclones' Director of Athletics. He originally joined the ISU staff as assistant athletics director in 1974 and then took over as athletics director in 1983.

In addition to managing Iowa State's athletic fortunes, Uriek was very active in the community as a member of various organizations, such as the Special Events Committee, University Recreation Committee, University Calendar Committee, the Professional Scientific Employees Council, Rotary International and was on the Board of Directors for the Iowa Games and the Boys and Girls Club of Ames. He also holds professional memberships in the National Association of College Directors of Athletics, is on the Division I-A Athletics Directors Board of Trustees and Cost Reduction Committee, and has served two years as the national chairman of the American Football Coaches Association.

Before his arrival at Iowa State in 1974, Uriek spent 13 seasons as a collegiate football coach at several levels. He began his career in 1961 as an assistant freshman football coach at the United States Military Academy in West Point. From 1963 to 1966 he was an assistant football coach at The Ohio State University. He also served as an assistant football coach at Denison University in Granville, Ohio, before accepting the head football coaching position at Wabash (Ind.) College in 1966. After four years at Wabash, he was an assistant coach at Duke University from 1970-74.

A native of Troy, Ohio, Uriek was an All-American football and lacrosse player at Ohio Wesleyan, and also won a conference wrestling title prior to earning his bachelor's degree in biological science/physical education in 1961. He received his master's degree in physical education from Ohio State in 1965.

Uriek is married to the former Lynn Mitchell. They have a daughter, Courtney, and three sons, Mark, Ryan, and Michael.

## K-State Athletics Department Staff

### **CAROL ADOLPH** Ticket Office Manager

Carol Adolph is now in her 43rd year as part of the Kansas State athletic department and begins her 31st season as ticket office manager.

Adolph started in 1955 as a departmental bookkeeper and worked in that capacity until 1963. From 1964 through 1967, she served as the secretary to the athletics director. In 1967, she was promoted to ticket office manager and administrative assistant.

In her current position, Adolph coordinates ticket operations for each of the Wildcat sports. Adolph and her husband, Jack, have two daughters.

### **MARY ANNE ANDREWS** Certification Administrator

Mary Anne Andrews begins her 11th year at Kansas State and is in her ninth as the certification administrator for the athletics department. Andrews coordinates the initial eligibility of all student-athletes, as well as the certification of eligibility of returning student-athletes. She also oversees student financial aid for the department as well as NCAA and conference reports.

Andrews earned her bachelor's degree from Oklahoma State in special education in 1979, and her master's in IPELS from OSU in 1984. She is married to Gordon Andrews and has two daughters, Katie and Emily.

### **ERNIE BARRETT** Director of Development

First as an All-America basketball player, later as the athletics director and now as a fund-raiser, Ernie Barrett has more than earned the title of "Mr. K-State" during his six decades of involvement with the Wildcat athletics department.

Barrett serves as the athletics department's director of development and spearheaded the \$5.5 million drive for the five-story Dev Nelson Press Box and indoor football facility. He also has been the driving force behind the newly completed Learning and Academic Center located at the Vanier Football Complex and the renovation of Ahearn Field House for women's volleyball.

Barrett accepted that position in January of 1991 after working as a consultant in the department's portion of the Essential Edge Campaign, a university-wide project with a goal of raising \$100 million, including \$15 million for the athletics department. Prior to rejoining the K-State staff, Barrett was the vice president for marketing at Chief Drilling in Wichita.

Barrett's fund-raising efforts for the department actually began in 1961 when he made

**P**icturesque KSU Stadium will host its 30th season of Wildcat football this fall and has been the home of K-State's 37-5-1 home record since 1990. Set on the north end of campus, KSU Stadium and the Vanier Football Complex have undergone a multi-million dollar renovation that has made it one of the premier football facilities in the Midwest.

Originally built at a cost of \$1.6 million and financed from student fees, athletics gate receipts and contributions, KSU Stadium opened its doors Sept. 21, 1968, with a 21-0 shutout of Colorado State. The original seating capacity was set at 35,000 and then an expansion in the summer of 1970 added 4,000 permanent bleachers on the east side and 3,000 temporary bleachers on the west side. The listed capacity of 42,000 has been exceeded 16 times, including an all-time high of 44,284 for K-State's 41-7 win over Kansas in 1995.

Below is a rundown of the other facelifts that have been added during the 27-year history of KSU Stadium:

**1970:** A statewide fund-raising drive in the spring raised \$250,000 for the installation of Astroturf, replacing the original natural grass.

**1972:** The office/dressing room complex at the north end of the stadium was added. It houses all the K-State football offices and has dressing facilities for the Wildcats and their opponents.

**1980:** New artificial turf was installed prior to the 1980 season.

**1983:** Permanent stadium lights were added allowing the Wildcats to play night games.

**1989-1992:** A \$2 million renovation project was undertaken to revamp the entire football complex. A \$2.6 million project added a 20x26 foot JumboTron Screen, new scoreboards and marquis messageboard to the complex.

**Note:** Prior to the opening of KSU Stadium, the Wildcats played in Memorial Stadium, which opened in 1924 and still stands on the main campus. Kansas State's first football home was on a site that is now Bluemont Elementary School (a few blocks east of campus). The first grandstand for that facility was hoisted in the early 1900s by 1890 KSU graduate and Manhattan lumberyard owner Emil Pfuetz.

As World War I came to a conclusion in 1918, the faculty of Kansas State Agricultural College thought it would be appropriate to build a memorial to the 45 KSAC students who had lost their lives in service to their country.

The next year, that concept was combined with the school's need for a new football facility, and the idea for Memorial Stadium was born. In May 1922, bids were let for construction, and work began on the west side. The east structure was added in 1924.

The original plans for the stadium were impressive, considering the era. The stadium was to seat 22,500, and form a horseshoe on the southwest corner of the campus around a field running north and south.

Each side of the stadium began and ended with a tower that rose 10 feet higher than the 40-foot walls. In between the two, plans called for a third section, complete with two 60-foot towers at the south end of the field and a grand entrance for fans.

Work to enclose the back walls of the east and west structures pressed through the late 1920s, but all work came to a halt when the Depression hit in 1929. After the Depression, the cost of the stadium had risen from \$350,000 to \$500,000 and the final section to enclose the horseshoe never made it beyond the planning stage.

The stadium was intended to not only serve as a home for the KSAC's football program, but to also supplement the crowded facilities at Nichols Gymnasium.

Mike Ahearn, the former football coach who served as the school's Director of Athletics in the 1920s, wrote in the Feb. 1, 1923, edition of the Kansas State Agricultural College Bulletin about the need to build the new stadium to replace the field that carried his name.

"The Memorial Stadium will make it possible to care for the 1,600 young men and the 800 young women who are taking physical education and engaging in varsity and intramural athletics, and will also give seating capacity for the crowds coming to view our games," Ahearn wrote.

With only three sections of the west wing completed in 1922, the first game was played at Memorial Stadium, a 47-0 victory over Washburn University. Forty-six seasons later, K-State played its final game at Memorial Stadium -- a 40-6 loss to Colorado.

Beginning with the 1968 season, the team moved to KSU Stadium, and since then, the space and offices beneath the two sides of Memorial Stadium have been used for a variety of academic and administrative purposes.

## Nickname

Through its first 19 seasons of athletic competition, Kansas State had used "Aggies" as its nickname. But prior to the 1915 season, new coach John "Chief" Bender gave his squad the nickname "Wildcats." The moniker lasted the one season Bender coached at K-State. Under Coach Z.G. Clevenger in 1917, the school team became known as the "Farmers." In 1920 another new coach, Charles Bachman, took over the program, renaming the team "Wildcats." This time, the nickname stuck.

## Powercat Logo

One of the most recognizable athletic logos in the nation is the K-State Powercat. The logo was introduced by Bill Snyder shortly after his arrival in Manhattan as the attitude of the entire athletics department and University was changing.

Manhattan-native Tom Bookwalter created the powerful logo that is a prominent feature on the K-State football helmet, at Wagner Field, on the back of the Dev Nelson Pressbox, clothing, flags, bottled water, vanity plates for cars and just about anywhere there can be one.

Previous logos used by the athletics department included a line drawing of a wildcat head and the cartoonish "Willie the Wildcat" that is used only by the Alumni Association.

## Touchdown I-XI

In 1922, Hall-of-Famer Charles Bachman asked alumni to consider donating an actual Wildcat to the school to serve as a mascot. KSAC alumni Herbert R. Groome and John E. McCoy, both veterinarians in Twin Falls, Idaho, donated "Touchdown I" to the school shortly after the animal was nursed back to health under their care. (The bobcat had an encounter with a porcupine, and his face and throat were punctured by numerous quills. Unfortunately, Touchdown I never fully recovered from its fight, dying of pneumonia shortly after arriving in Manhattan.)

Although the bobcats have served as K-State's wildcat mascot since 1922, the animals no longer attend K-State games. Touchdown XI, the 11th in the line, currently resides at Manhattan's Sunset Zoo.

## Willie The Wildcat

Willie, a student bedecked in a large, life-like Wildcat head, is Kansas State's number one fan. Willie Wildcats are selected yearly by a panel appointed by the cheerleader coach. The mascot is a central part of athletic contests, but also attends functions around the state as an ambassador. Traditionally, the identity of the student portraying Willie is kept secret.

## School Songs

The Alma Mater was selected as a result of an 1888 campus contest. H.W. Jones ('88) was responsible for K-State's prized result. Jones' original work was four stanzas including the chorus. His version has been slightly altered over the years to include just two stanzas and the changing of the words from KSAC to KSU. The school's fight song is entitled "Wildcat Victory."

**Alma Mater:** "I know a spot that I love full well, 'Tis not in forest nor yet in dell, ever it holds me with magic spell, I think of thee Alma Mater."

"KSU, we'll carry the banner high, KSU long, long may thy colors fly, Loyal you to thee they children shall swell the cry."

"Hail, Hail, Hail Alma Mater."

**Wildcat Victory:** "Fight you K-State Wildcats, For Alma Mater fight-fight-fight."

"Glory into combat for the purple and white, Faithful to our colors, we shall ever be, fighting ever fighting for a Wildcat Victory!"

## School Colors

The school color Royal Purple (PMS 526) was adopted in the fall of 1896 by a committee of Miss Minnie L. Copeland, Miss Winnifred Houghton and Miss Ina E. Holyrod of the senior class, and perhaps one or two others. Although K-State's only official color is purple, white has been used as a complimentary color for many years. Silver is also a common second or third color.

## First Game

History has forgotten the actual score of the first football game played at the school now called Kansas State University.

On Dec. 2, 1892, a team from Kansas State Agricultural College played its first game. At "quarter back" was a sophomore from Colfax, Ill., named A.D. Benson. Benson had introduced his schoolmates to football when he arrived at KSAC in 1891.

The sport, however, was quickly banned by the college. Five years later, the school's newspaper, the K-State Industrialist, remarked, "It is hoped that our students have the good sense to play even football without violence, but the game as sometimes played is next to barbarism."

In 1896, KSAC played the first game now recorded in K-State's list

Kansas State's Willie the Wildcat

of all-time scores. A team coached by Ira Pratt traveled to Fort Riley on Thanksgiving Day and lost to a squad comprised of soldiers, 14-0. Later that fall, KSAC played Fort Riley again, and this time the game ended in a 6-6 tie. It was during the 1896 season that KSAC adopted the mascot "Aggies," and selected Royal Purple as the school's official color.

## First Night Game

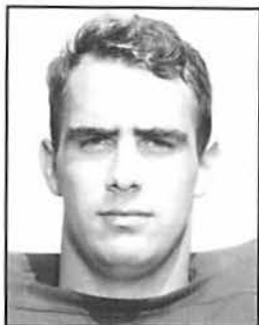

On Oct. 8, 1932, the Kansas State Wildcats played the first night football game in school history. The team traveled to Salina, Kan., to play Kansas Wesleyan that evening and won the contest, 52-6, before a crowd of about 4,000.

Fifteen years later, in 1947, K-State played its first night game in Manhattan, losing 12-0 to Oklahoma at Memorial Stadium.

## Ken Ochs Courage Award

Ken Ochs was a 6-foot, 208-pound long shot to make the K-State football team in 1966. The La Crosse, Kan., native made the K-State team but suffered a leg injury during that spring's drills. After his leg didn't respond to treatment, it was discovered that Ochs had a malignant bone tumor. His leg was amputated six inches above the knee.

Ochs returned to K-State and earned his degree in the spring of 1969. By then, he was a manager for the football team, and the program had named an honor for personal courage in his name. Ken Ochs died of cancer Oct. 3, 1969.

## The Color Barrier

In 1948, Harold Robinson graduated from Manhattan High School and prepared to become Kansas State's first black student-athlete. After sitting out the 1948 season as all freshmen were required, K-State head coach Ralph Graham in 1949 made Robinson the first African-American to receive a scholarship in the Big Seven Conference.

Robinson was named an All-Conference center in 1950, his junior season, despite playing for a 1-9-1 K-State team. Robinson gained the considerable respect of opponents and fans despite the smoldering racism that was so pervasive during his playing days. He wasn't allowed to stay at the same hotel as his teammates on many road trips, instead staying in private residences.

K-State's Harold Robinson was the first African-American student-athlete to receive an athletic scholarship in the former Big Seven Conference.

## K-State Golden Cats

One of the truly unique aspects of Kansas State football under Bill Snyder is the Golden Cat Program - an organization made up of former K-State football players.

The primary purpose is to bring together all of the past members of the football program, to provide opportunities for them to reunite and spend time with teammates of the past, support the student-athletes who presently represent their program and help unite Kansas State University in a way never accomplished before. The organization brings additional funds into the football program and enables former athletes to enjoy the rewards, success and activities of supporting their school.

The Golden Cat program was developed in 1990 with each Golden 'Cat making a financial contribution to help build new oak lockers for each current player in the program. Each locker includes an engraved brass name plate of the Golden 'Cat who contributed to the current players' locker, thus creating a unique bond between the past and the present. The former players and current stars correspond on a regular basis and the Golden 'Cat program has blossomed into a full-blown support group for the football program.

For the Golden 'Cats, it's a great opportunity to give back to the program, plus they can witness first-hand how their contributions have enhanced the opportunities of the current student-athletes.

In turn, the Golden 'Cats truly remain a part of the program, while receiving various privileges such as the brass name plates, pregame tailgate parties, Golden 'Cat clothing, video tapes, game program recognition and other memorabilia.

The Golden 'Cat program is under the direction of Erick Harper, a four-year starter at strong safety for the Wildcats from 1986-89. Harper is now the assistant athletics director for compliance at K-State. For more information, or to become involved in the Golden 'Cat program, contact Erick Harper at 785-532-6910.

## Governor's Trophy

The Governor's Trophy Game between Kansas State University and the University of Kansas was initiated in 1969 by Gov. Robert Docking. The original traveling trophy was retired following the 1996 K-State victory. A new trophy will be introduced following the 1997 contest at Manhattan. The trophy is presented to the winning team and coaches in the winner's dressing room immediately following each year's game.

It is our responsibility to create through proper leadership and atmosphere an environment which provides the student-athlete with an opportunity to attain a quality education and to achieve at least an undergraduate degree attesting to have successfully attained an education.

We must strive to develop intellectual, social, moral, emotional, cultural and vocational growth and development as well as the physical. As we train students in sportsmanship, and aid in the development of character-which must include loyalty, cooperation and teamwork, clean living and critical thinking-we are then approaching a way of life which is sound, and is fundamental to our American way.

As we support and contribute to the modern education program through opportunities in intercollegiate athletic competition, we are promoting the development of the student-athlete through our illustration, attitudes, behavior and example. When this general philosophy is coupled with the proper academic assistance program within a well-administered athletic program, the student-athlete will be enriched by the college experience, mentally, academically, and athletically.

The Kansas State Athletic Program is committed to the fair and equitable treatment of its student-athletes and institutional personnel regardless of gender or race. Kansas State strives to establish and maintain an environment that values cultural diversity and gender equity among its student-athletes and institutional personnel. We will continue to follow the high standards set forth by the NCAA and Big 12 Conference as it relates to the commitment to gender issues, minority issues, student-athlete welfare, and the participation opportunities and leadership roles of women and minorities.

It is by the observance of the rules, regulations and policies contained herein that the objectives can best be accomplished, thereby justifying the confidence and trust the institution has placed in each of us in accomplishing our respective missions. We must be sure that all decisions made by our Athletic Department will be for the betterment of our current student-athletes as well as future student-athletes.

## What Every Alumnus and Booster of Kansas State University Should Know

As a supporter of K-State, you have a lot of pride in your school. You are proud of KSU's high academic standards, our adherence to values and the overall quality of the K-State experience.

Kansas State has a long tradition of integrity but to help assure compliance with NCAA and conference rules, please take a few minutes to read this information. The eligibility of Kansas State's student-athletes and reputation of the department and university depend greatly upon your cooperation.

## Key Point

A "representative" of Kansas State's athletic interests is: an individual who is known (or who should have been known) by a member of K-State's executive or athletics administration to:

a) have participated in or to be a member of an agency or organization promoting KSU athletics.

b) have made financial contributions to the athletic department or to an athletic booster organization of K-State.

c) have been involved otherwise in promoting the institution's athletic program.

Once an individual is identified as an "athletic representative," the person retains that identity forever.

## Key Rule: NCAA BYLAW 13.01.5

In Division I, representatives of athletics interest are prohibited from making in-person, on-or-off campus recruiting contacts, written, telephonic communications or e-mail transactions with a prospect or the prospect's relatives or legal guardians.

## Interpretations

1. A representative of a Division I institution is prohibited from making in-person recruiting contact with a prospect and his or her parents/guardian on or off campus.

**Limited Exception:** You may have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and K-State is aware that you are making these contacts in regard to employment.

2. A Division I representative is prohibited from writing or telephoning a prospect and his or her parents or legal guardians.

**Limited Exception:** You may have a phone conversation with a prospect only if the prospect initiates the call. Such a call may not be prearranged by a K-State staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about the University's athletic program to the athletic department.

3. A representative is prohibited from contacting a prospect's coach, principal, or counselor in an attempt to evaluate the prospect.

**Limited Exception:** NCAA rules do not preclude you from viewing a prospect's contest on your own initiative, but you may not contact the prospect, pick up game films or transcripts.

## What can I do?

**If you know of a high school or junior college student-athlete who might want to attend Kansas State, the only permissible activity for a representative is to call the appropriate K-State coach.**

## What is an "Extra Benefit?"

An extra benefit would include provision of any transportation, meals, clothes, entertainment, preferential loan terms, wages not commensurate with duties, or other benefits offered to a prospect or current student-athlete which is unavailable to the general student population.

## What can you do with prospects?

DO feel free to attend high school and junior college athletic events. You simply cannot have any contact with the prospective student-athletes or relatives. Should you find yourself seated next to parents of a prospect, DO NOT initiate conversation with the relatives. If conversation is initiated with you, respond in a civil manner, but DO NOT discuss K-State's athletic program with them. If they raise questions about athletics, remind them that the NCAA prohibits you from

discussing athletics with them. Direct their questions to the athletic department. You MAY discuss the University in general, and its academic programs.

DO continue established family relationship with friends and neighbors. Contacts with son and daughters of those families are permitted as long as they are not made for recruiting purpose and are not prompted by Wildcat coaching staff members. You ARE permitted to play "pick up" games, continue neighborhood picnics or backyard barbecues and engage in your normal activities with prospects and their parents who are family friends.

DO feel free to attend a public event (i.e. awards dinner) at which prospects are in attendance. NO attempt should be made to contact or recruit the prospect at these events.

## What can I do for current K-State athletes?

DO feel free to invite a student-athlete to your home for an occasional meal. Remember, the student-athlete must provide his or her own transportation. You may do this a maximum of one time per school term per athlete.

DO feel free to invite a team for dinner or to meet with a group of alumni in a city where they are competing. The NCAA permits student-athletes AS A TEAM to receive special benefits not permitted as individuals. Arrangements for such events must be made in advance with the head coach or appropriate athletic staff member.

## How can I assist with summer employment?

DO pay student-athletes employed by you for work actually performed and at a rate commensurate with the going rate for similar services in the community and your business.

DO notify the head coaches or the athletic department of job possibilities for student-athletes.

## Other questions and answers:

Q. May I accompany the coach during a "home" visit with the prospect?

A. No

Q. May I drive a prospect to a secondary school's reception in my local area?

A. No, unless such arrangements are made for all students in attendance.

Q. May a booster group finance a season-ending banquet? May it purchase any awards for the team?

A. Yes, provided all funds are expended through the athletic department. Since the NCAA has established a value limit on awards received by student-athletes, it is important to have all awards approved by the athletic department.

## Additional reminders

1. Please contact the athletic department for NCAA rules interpretations.
2. Remember that in most cases: **CONTACT IS PROHIBITED.**
3. If you think it is wrong then it probably is wrong.
4. No question is too dumb to ask.
5. Questions: 785-532-6910  
Ask for Jim Epps, Erick Harper or Mary Anne Andrews
